Purpose

Sec. 201. (a) For purposes of IC 36-1-3-6, a unit wanting to exercise planning and zoning powers in Indiana must do so in the manner provided by this chapter.

(b) The purpose of this chapter is to encourage units to improve the health, safety, convenience, and welfare of their citizens and to plan for the future development of their communities to the end:

- (1) that highway systems be carefully planned;
- (2) that new communities grow only with adequate public way, utility, health, educational, and recreational facilities;
- (3) that the needs of agriculture, industry, and business be recognized in future growth;
- (4) that residential areas provide healthful surroundings for family life; and
- (5) that the growth of the community is commensurate with and promotive of the efficient and economical use of public funds.

(c) Furthermore, municipalities and counties may cooperatively establish single and unified planning and zoning entities to carry out the purpose of this chapter on a countywide basis.

(d) METRO. Expanding urbanization in each county having a consolidated city has created problems that have made the unification of planning and zoning functions a necessity to insure the health, safety, morals, economic development, and general welfare of the county. To accomplish this unification, a single planning and zoning authority is established for the county.

IC 36-7-4-201.1

Zoning ordinances; satellite receiver antennas and other types of antennas

Sec. 201.1. A local zoning ordinance that addresses a satellite receiver antenna and another type of antenna is void unless the zoning ordinance:

- (1) has a reasonable and clearly defined health, safety, or aesthetic objective;
- (2) does not:
 - (A) impose an unreasonable restriction on or prevent the reception of satellite signals by satellite receiver antennas; or
 - (B) impose costs on the users of satellite receiver antennas that are excessive in comparison to the purchase and installation cost of the satellite receiver antennas; and
- (3) does not prohibit installation of a satellite receiver antenna that is not more than two (2) feet in diameter.

As added by P.L.167-1994, SEC.1.

IC 36-7-4-202

Establishment; authorization

Sec. 202. (a) ADVISORY. The legislative body of a county or municipality may establish by ordinance an advisory plan commission. In addition, in a county having a population of:

- (1) more than one hundred seventy thousand (170,000) but less than one hundred eighty thousand (180,000); or
- (2) more than one hundred eighteen thousand (118,000) but less than one hundred twenty thousand (120,000);

the legislative bodies of that county and of the city having the largest population in that county may establish by identical ordinances a metropolitan plan commission as a department of county government. These ordinances must specify the legal name of the commission for purposes of section 404(a) of this chapter.

(b) AREA. There may be established in each county an area planning department in the county government, having:

- (1) an area plan commission;
- (2) an area board of zoning appeals;
- (3) an executive director; and
- (4) such staff as the area plan commission considers necessary.

Each municipality and each county desiring to participate in the establishment of a planning department may adopt an ordinance adopting the area planning law, fix a date for the establishment of the planning department, and provide for the appointment of its representatives to the commission. When a municipality or a county adopts such an ordinance, it shall certify a copy of it to each legislative body within the county. When a county and at least one (1) municipality within the county each adopt an ordinance adopting the area planning law and fix a date for the establishment of the department, the legislative body of the county shall establish the planning department.

(c) METRO. A metropolitan development commission is established in the department of metropolitan development of the consolidated city. The legislative body of the consolidated city may

adopt ordinances to regulate the following:

- (1) The time that the commission holds its meetings.
- (2) The voting procedures of the commission.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.12-1992, SEC.163; P.L.164-1995, SEC.15; P.L.170-2002, SEC.152.

IC 36-7-4-203

Establishment; exercise of planning and zoning authority

Sec. 203. (a) ADVISORY. After a metropolitan plan commission is established, it shall exercise exclusively the planning and zoning functions of the county and of the second class city, and the separate planning and zoning functions of the county plan commission and the city plan commission cease.

(b) AREA. After the planning department is established and the participating legislative bodies have adopted a zoning ordinance, the planning department shall exercise exclusively the planning and zoning functions of the county and of the participating municipalities, except as provided in section 918 of the area planning law. Where other statutes confer planning and zoning authority on a participating municipality or a county, their plan commissions shall continue to exercise that authority until such time as the planning department is established and the participating legislative bodies adopt a zoning ordinance.

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.310, SEC.6.

IC 36-7-4-204

Establishment; participation by other municipalities within county

Sec. 204. AREA. After the planning department is established, other municipalities within the county may adopt ordinances adopting the area planning law and provide for the appointment of their representatives to the area plan commission. In such a case, the membership of the commission shall be increased according to the formula provided in sections 207, 208, 209, and 211 of the area planning law, and the authority of a municipal plan commission and municipal board of zoning appeals ceases, except as provided in section 918 of the area planning law, as of the time specified in that ordinance. The composition of any such municipal board of zoning appeals, or of any such board later organized, under the advisory planning law, must conform with that law, except that those members of such a board to be appointed from the municipal plan commission shall instead be appointed from the area plan commission.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-205

Establishment; extent of territorial authority of comprehensive plan; inclusion of contiguous unincorporated area; incorporation of new towns in county

Sec. 205. (a) ADVISORY. A municipal plan commission shall adopt a comprehensive plan, as provided for under the 500 series of the

advisory planning law, for the development of the municipality. For comprehensive plans adopted after July 1, 1999, if:

- (1) the municipality provides municipal services to the contiguous unincorporated area; or
- (2) the municipal plan commission obtains the approval of the county legislative body of each affected county;

the municipal plan commission may provide in the comprehensive plan for the development of the contiguous unincorporated area, designated by the commission, that is outside the corporate boundaries of the municipality, and that, in the judgment of the commission, bears reasonable relation to the development of the municipality.

(b) ADVISORY. Except as limited by the boundaries of unincorporated areas subject to the jurisdiction of other municipal plan commissions, an area designated under this section may include any part of the contiguous unincorporated area within two (2) miles from the corporate boundaries of the municipality. If, however, the corporate boundaries of the municipality or the boundaries of that contiguous unincorporated area include any part of the public waters or shoreline of a lake (which lies wholly within Indiana), the designated area may also include:

- (1) any part of those public waters and shoreline of the lake; and
- (2) any land area within two thousand five hundred (2,500) feet from that shoreline.

(c) ADVISORY. Before exercising their rights, powers, and duties of the advisory planning law with respect to an area designated under this section, a municipal plan commission must file, with the recorder of the county in which the municipality is located, a description or map defining the limits of that area. If the commission revises the limits, it shall file, with the recorder, a revised description or map defining those revised limits.

(d) ADVISORY. If any part of the contiguous unincorporated area within the potential jurisdiction of a municipal plan commission is also within the potential jurisdiction of another municipal plan commission, the first municipal plan commission may exercise territorial jurisdiction over that part of the area within the potential jurisdiction of both municipal plan commissions that equals the product obtained by multiplying a fraction, the numerator of which is the area within the corporate boundaries of that municipality and the denominator of which is the total area within the corporate boundaries of both municipalities times the area within the potential jurisdiction of both municipal plan commissions. Furthermore, this commission may exercise territorial jurisdiction within those boundaries, enclosing an area reasonably compact and regular in shape, that the municipal plan commission first acting designates.

(e) ADVISORY. If the legislative body of a county adopts a comprehensive plan and ordinance covering the unincorporated areas of the county, a municipal plan commission may not exercise jurisdiction, as provided in this section, over any part of that unincorporated area unless it is authorized by ordinance of the legislative body of the county. This ordinance may be initiated by the county legislative body or by petition duly signed and presented to the

county auditor by:

- (1) not less than fifty (50) property owners residing in the area involved in the petition;
- (2) the county plan commission; or
- (3) the municipal plan commission.

Before final action on the ordinance by the county legislative body, the county plan commission must hold an advertised public hearing as required for other actions of the county plan commission under the advisory planning law. Upon the passage of the ordinance by the county legislative body and the subsequent acceptance of jurisdiction by the municipal plan commission, the municipal plan commission shall exercise the same rights, powers, and duties conferred in this section exclusively with respect to the contiguous unincorporated area. The jurisdiction of a municipal plan commission, as authorized under this subsection, may be terminated by ordinance at the discretion of the legislative body of the county, but only if the county has adopted a comprehensive plan for that area that is as comprehensive in scope and subject matter as that in effect by municipal ordinance.

(f) ADVISORY. Each municipal plan commission in a municipality located in a county having:

- (1) a population of less than ninety-five thousand (95,000); and
- (2) a county plan commission that has adopted, in accord with the advisory planning law, a comprehensive plan and ordinance covering the unincorporated areas of the county;

may, at any time, after filing notice with the county recorder and the county plan commission, exercise or reject territorial jurisdiction over any part of the area within two (2) miles of the corporate boundaries of that municipality and within that county, whether or not that commission has previously exercised that jurisdiction, if the municipality is providing municipal services to the area. Within sixty (60) days after receipt of that notice, the county plan commission and the county legislative body shall have the county comprehensive plan and ordinance revised to reflect the decision of the municipal plan commission exercising the option provided for in this subsection. If the municipality is not providing municipal services to the area, the municipal plan commission must obtain the approval of the county legislative body of each affected county before exercising jurisdiction.

(g) AREA. Wherever in the area planning law authority is conferred to establish a comprehensive plan or an ordinance for its enforcement, the authority applies everywhere:

- (1) within the county that is outside the municipalities; and
- (2) within each participating municipality.

(h) ADVISORY—AREA. Whenever a new town is incorporated in a county having a county plan commission or an area plan commission, that plan commission and its board of zoning appeals shall continue to exercise territorial jurisdiction within the town until the effective date of a town ordinance:

- (1) establishing an advisory plan commission under section 202(a) of this chapter; or
- (2) adopting the area planning law under section 202(b) or 204 of this chapter.

Beginning on that effective date, the planning and zoning functions of the town shall be exercised under the advisory planning law or area planning law, as the case may be.

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1982, P.L.1, SEC.61; P.L.216-1999, SEC.1.

Comprehensive plan; consideration of policy and pattern; validation, continuance, and consolidation of preexisting plans

Sec. 504. (a) After the comprehensive plan is approved for a jurisdiction, each governmental entity within the territorial jurisdiction where the plan is in effect shall give consideration to the general policy and pattern of development set out in the comprehensive plan in the:

(b) A comprehensive plan or master plan adopted or approved under any prior law is validated and continues in effect as the comprehensive plan for the plan commission in existence on September 1, 1986, or any successor plan commission until the plan becomes a part of or is amended or superseded by the comprehensive plan of the latter plan commission. In addition, a thoroughfare plan adopted or approved under any prior law is validated and continues in effect as a part of the comprehensive plan on and after September 1, 1986, until the thoroughfare plan is amended or superseded by changes in the comprehensive plan approved under this chapter.

(c) AREA. To effect the consolidation of the various plans and ordinances in force in the county and in the participating municipality into one (1) comprehensive plan, the area plan commission shall approve the comprehensive plans of the participating municipalities as its first comprehensive plan. The commission shall also recommend under applicable law to the participating legislative bodies, without amendment, the adoption of the zoning, subdivision control, thoroughfare, and other ordinances relating to the jurisdiction of the participating legislative body. If lands within the jurisdiction of the commission are not regulated by zoning ordinances, the commission shall classify those lands as residential or agricultural, until they can conduct such land use studies as are necessary for reclassification and zoning. Because the unification of the planning and zoning function is of an emergency character, the commission and the participating legislative bodies shall initially adopt these preliminary plans and ordinances by simple resolution, to continue in effect until finally adopted in conformity with the area planning law.

(b) The determination of lines for public ways, as provided in subsection (a), does not constitute the opening, establishment, or acceptance of land for public way purposes.

(c) After a thoroughfare plan has been included in the comprehensive plan, thoroughfares may be located, changed, widened, straightened, or vacated only in the manner indicated by the comprehensive plan.

(d) After a thoroughfare plan has been included in the comprehensive plan, the plan commission may recommend to the agency responsible for constructing thoroughfares in the jurisdiction the order in which thoroughfare improvements should be made.

Approval of the comprehensive plan by the metropolitan development commission is final. However, the commission may certify the comprehensive plan to the legislative body of each municipality in the county, to the executive of the consolidated city, and to any other governmental entity that the commission wishes. The commission shall make a complete copy of the plan available for inspection in the office of the plan commission. One (1) summary of the plan shall be recorded in the county recorder's office. Comprehensive plan; legislative approval, rejection, or amendment

Sec. 509. (a) ADVISORY AREA. After certification of the comprehensive plan, the legislative body may adopt a resolution approving, rejecting, or amending the plan. Such a resolution requires only a majority vote of the legislative body, and is not subject to approval or veto by the executive of the adopting unit, and the executive is not required to sign it.

(b) ADVISORY AREA. The comprehensive plan is not effective

for a jurisdiction until it has been approved by a resolution of its legislative body. After approval by resolution of the legislative body of the unit, it is official for each unit that approves it. Upon approval of the comprehensive plan by the legislative body, the clerk of the legislative body shall place one (1) copy of the comprehensive plan on file in the office of the county recorder.

However, the legislative body may grant the commission an extension of time, of specified duration, in which to file its report. If the commission approves the amendment, the comprehensive plan stands, as amended by the legislative body, as of the date of the filing of the commission's report with the legislative body. If the commission disapproves the rejection or amendment, the action of the legislative body on the original rejection or amendment stands only if confirmed by another resolution of the legislative body.

(c) ~~ADVISORY~~~~AREA~~. If the commission does not file a report with the legislative body within the time allotted under subsection (b), the action of the legislative body in rejecting or amending the comprehensive plan becomes final.

(b) ~~ADVISORY~~~~AREA~~. If the legislative body wants an amendment, it may direct the plan commission to prepare the amendment and submit it in the same manner as any other amendment to the comprehensive plan. The commission shall prepare and submit the amendment within sixty (60) days after the formal written request by the legislative body. However, the legislative body may grant the commission an extension of time, of specified duration, in which to prepare and submit the amendment.

(c) The plan commission shall also provide for due notice to interested parties at least ten (10) days before the date set for the hearing. The commission shall by rule determine who are interested parties, how notice is to be given to interested parties, and who is required to give that notice. However, if the subject matter of the proposal abuts or includes a county line (or a county line street or road or county line body of water), then all owners of real property to a depth of two (2) ownerships or one-eighth (1/8) of a mile into the adjacent county, whichever is less, are interested parties who must receive notice under this subsection.

(d) The hearing must be held by the plan commission at the place stated in the notice. The commission may also give notice and hold hearings at other places within the county where the distribution of population or diversity of interests of the people indicate that the hearings would be desirable. The commission shall adopt rules governing the conduct of hearings under this section.

(e) A zoning ordinance may not be held invalid on the ground that the plan commission failed to comply with the requirements of this section, if the notice and hearing substantially complied with this section.

(f) The files of the plan commission concerning proposals are public records and shall be kept available at the commission's office for inspection by any interested person.

(g) METRO. In the case of a proposal to amend a zoning map under section 608 of this chapter or in the case of a proposed approval of a

development plan required by a zoning ordinance as a condition of development, a person may not communicate before the hearing with any hearing officer, member of the historic preservation commission, or member of the plan commission with intent to influence the officer's or member's action on the proposal. Before the hearing, the staff may submit a statement of fact concerning the physical characteristics of the area involved in the proposal, along with a recital of surrounding land use and public facilities available to serve the area. The staff may include with the statement an opinion of the proposal. The statement must be made a part of the file concerning the proposal not less than six (6) days before the proposal is scheduled to be heard. The staff shall furnish copies of the statement to persons in accordance with rules adopted by the commission.

(h) METRO. In the case of a proposal to amend a zoning map under section 608 of this chapter, this subsection applies if the proposal affects only real property within the corporate boundaries of an excluded city. Notwithstanding the other provisions of this section, the legislative body of the excluded city may decide that the legislative body rather than the plan commission should hold the public hearing prescribed by this section. Whenever the plan commission receives a proposal subject to this section, the plan commission shall refer the proposal to the legislative body of the excluded city. At the legislative body's first regular meeting after receiving a referred proposal, the legislative body shall decide whether the legislative body will hold the public hearing. Within thirty (30) days after making the decision to hold the hearing, the legislative body shall hold the hearing, acting for purposes of this section as if the legislative body is the plan commission. The legislative body shall then make a recommendation on the proposal to the plan commission. After receiving the excluded city legislative body's recommendation (or at the end of the thirty (30) day period for the public hearing if the proposal receives no recommendation), the plan commission shall meet and decide whether to make a favorable recommendation on the proposal. If the proposal receives a favorable recommendation from the commission, the proposal shall be certified to the county legislative body as provided in section 605 of this chapter.

(i) Before a proposal involving a structure regulated under IC 8-21-10 may become effective, the plan commission must have received:

(1) a copy of:

(A) the permit for the structure issued by the Indiana department of transportation; or

(B) the Determination of No Hazard to Air Navigation issued by the Federal Aviation Administration; and

(2) evidence that notice was delivered to a public use airport as required in IC 8-21-10-3 not less than sixty (60) days before the proposal is considered.

Certification of proposed ordinance

Sec. 605. (a) ~~ADVISORY~~AREA. A proposed zoning ordinance shall be certified to each participating legislative body by the plan commission as follows:

- (1) If the proposal is to adopt an initial zoning ordinance (or to adopt a replacement zoning ordinance after repealing the entire zoning ordinance, including amendments and zone maps) under section 606 of this chapter, it may be certified only if it receives a favorable recommendation from the commission.
- (2) If the proposal is to amend or partially repeal the text (not zone maps) of the ordinance under section 607 of this chapter, it may be certified with a favorable recommendation, an unfavorable recommendation, or no recommendation from the commission.

(b) METRO. A proposal shall be certified to the legislative body by the metropolitan development commission only if it receives a favorable recommendation from the commission.

(c) The legislative body shall consider the recommendation (if any) of the commission before acting on the proposal under section 606, 607, or 608 of this chapter.

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.45, SEC.20; P.L.335-1985, SEC.19; P.L.220-1986, SEC.19.

IC 36-7-4-606

Zoning ordinance; procedure on proposal to adopt initial or replacement ordinance for a jurisdiction

Sec. 606. (a) This section applies to a proposal, as described in section 602(a) of this chapter, to adopt an initial zoning ordinance (or to adopt a replacement zoning ordinance after repealing the entire zoning ordinance, including amendments and zone maps) for a jurisdiction.

(b) At the first regular meeting of the legislative body after the plan commission certifies the proposal under section 605 of this chapter, the legislative body shall either:

- (1) adopt, reject, or amend the proposal; or
- (2) decide to further consider the proposal, in which case the proposal may be scheduled for a further hearing at any regular or special meeting of the legislative body within ninety (90) days after certification. In any event, the legislative body shall vote on the proposal within ninety (90) days after the plan commission certifies the proposal under section 605 of this chapter.

(c) If the legislative body proceeds under subsection (b)(1), it shall give notice under IC 5-14-1.5-5 of its intention to consider the proposal at that meeting. If the legislative body proceeds under subsection (b)(2) to schedule a further hearing, it shall publish a notice of the hearing in

accordance with IC 5-3-1, announce the hearing during a meeting, and enter the announcement in its memoranda and minutes. The notice and announcement must state:

- (1) the date, time, and place of the hearing;
- (2) that it pertains to an original zoning ordinance;
- (3) that written objections to the proposal filed with the clerk of the legislative body or with the county auditor at or before the hearing will be heard; and
- (4) that the hearing may be continued from time to time as may be found necessary.

(d) The recommendation of the plan commission concerning the proposal must be on file in the commission's office for public examination for at least ten (10) days before any hearing scheduled under subsection (b)(2). On completion of the hearing, the legislative body shall consider the proposal.

(e) If the legislative body adopts the proposal, the ordinance takes effect as other ordinances of the legislative body.

(f) If the legislative body fails to act on the proposal within ninety (90) days after certification, the ordinance takes effect as if it had been adopted (as certified) ninety (90) days after certification.

(g) If the legislative body rejects or amends the proposal, it shall be returned to the plan commission for its consideration, with a written statement of the reasons for the rejection or amendment. The commission has forty-five (45) days in which to consider the rejection or amendment and report to the legislative body as follows:

- (1) If the commission approves the amendment or fails to act within the forty-five (45) day period, the ordinance stands as passed by the legislative body as of the date of the filing of the commission's report of approval with the legislative body or the end of the forty-five (45) day period.
- (2) If the commission disapproves the rejection or amendment, the action of the legislative body on the original rejection or amendment stands only if confirmed by another vote of the legislative body within forty-five (45) days after the commission certifies its disapproval. If the legislative body fails to confirm its action under this subdivision, then the ordinance takes effect in the manner provided in subsection (f).

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.45, SEC.21; P.L.356-1983, SEC.1; P.L.335-1985, SEC.20; P.L.220-1986, SEC.20.

IC 36-7-4-607

Zoning ordinance; procedure on proposal to amend or partially repeal ordinance

Sec. 607. (a) This section applies to a proposal, as described in section 602(b) of this chapter, to amend or partially repeal the text (not zone maps) of the zoning ordinance.

(b) ~~ADVISORY~~AREA. If the proposal is initiated by a participating legislative body instead of the plan commission, the proposal must be referred to the commission for consideration and recommendation before any final action is taken by the legislative

body.

(c) On receiving or initiating the proposal, the commission shall, within sixty (60) days, hold a public hearing in accordance with section 604 of this chapter. Within ten (10) business days after the commission determines its recommendation (if any), the commission shall certify the proposal under section 605 of this chapter.

(d) The legislative body shall vote on the proposal within ninety (90) days after the plan commission certifies the proposal under section 605 of this chapter.

(e) This subsection applies if the proposal receives a favorable recommendation from the plan commission:

(1) At the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter (or at any subsequent meeting within the ninety (90) day period), the legislative body may adopt, reject, or amend the proposal. The legislative body shall give notice under IC 5-14-1.5-5 of its intention to consider the proposal at that meeting.

(2) If the legislative body adopts (as certified) the proposal, it takes effect as other ordinances of the legislative body.

(3) If the legislative body fails to act on the proposal within ninety (90) days after certification, it takes effect as if it had been adopted (as certified) ninety (90) days after certification.

(4) If the legislative body rejects or amends the proposal, it shall be returned to the plan commission for its consideration, with a written statement of the reasons for the rejection or amendment. The commission has forty-five (45) days in which to consider the rejection or amendment and report to the legislative body as follows:

(A) If the commission approves the amendment or fails to act within the forty-five (45) day period, the ordinance stands as passed by the legislative body as of the date of the filing of the commission's report of approval with the legislative body or the end of the forty-five (45) day period.

(B) If the commission disapproves the rejection or amendment, the action of the legislative body on the original rejection or amendment stands only if confirmed by another vote of the legislative body within forty-five (45) days after the commission certifies its disapproval. If the legislative body fails to confirm its action under this clause, the ordinance takes effect in the manner provided in subdivision (3).

(f) ~~ADVISORY~~AREA. This subsection applies if the proposal receives either an unfavorable recommendation or no recommendation from the plan commission:

(1) At the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter (or at any subsequent meeting within the ninety (90) day period), the legislative body may adopt, reject, or amend the proposal. The legislative body shall give notice under IC 5-14-1.5-5 of its intention to consider the proposal at that meeting.

(2) If the legislative body adopts (as certified) the proposal, it takes effect as other ordinances of the legislative body.

(3) If the legislative body rejects the proposal or fails to act on it within ninety (90) days after certification, it is defeated.

(4) If the legislative body amends the proposal, it shall be returned to the plan commission for its consideration, with a written statement of the reasons for the amendment. The commission has forty-five (45) days in which to consider the amendment and report to the legislative body as follows:

(A) If the commission approves the amendment or fails to act within the forty-five (45) day period, the ordinance stands as passed by the legislative body as of the date of the filing of the commission's report of approval with the legislative body or the end of the forty-five (45) day period.

(B) If the commission disapproves the amendment, the action of the legislative body on the original amendment stands only if confirmed by another vote of the legislative body within forty-five (45) days after the commission certifies its disapproval. If the legislative body fails to confirm its action under this clause, the ordinance is defeated as provided in subdivision (3).

IC 36-7-4-608

Zoning ordinance; procedure for changing zoning maps

Sec. 608. (a) This section applies to a proposal, as described in section 602(c) of this chapter, to change the zone maps incorporated by reference into the zoning ordinance.

(b) If the proposal is not initiated by the plan commission, it must be referred to the commission for consideration and recommendation before any final action is taken by the legislative body. On receiving or initiating the proposal, the commission shall, within sixty (60) days, hold a public hearing in accordance with section 604 of this chapter. Within ten (10) business days after the commission determines its recommendation (if any), the commission shall certify the proposal under section 605 of this chapter.

(c) METRO. This subsection applies if the proposal receives a favorable recommendation from the plan commission:

(1) At the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter, the legislative body may, by a majority of those voting, schedule the proposal for a hearing on a date not later than its next regular meeting.

(2) If the legislative body fails to schedule the proposal for a hearing under subdivision (1), the ordinance takes effect as if it had been adopted at the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter.

(3) For purposes of this subdivision, the final action date for a proposal is the date thirty (30) days after the date that the proposal is certified under section 605 of this chapter, or the date of the

second regular meeting after the proposal is certified under section 605 of this chapter, whichever is later. If the legislative body schedules the proposal for a hearing under subdivision (1) but fails to act on it by the final action date, the ordinance takes effect as if it had been adopted (as certified) on the final action date. However, the period of time from certification under section 605 of this chapter to the final action date may be extended by the legislative body, with the consent of the initiating plan commission or the petitioning property owners. If the legislative body fails to act on the proposal by the final action date (as extended), the ordinance takes effect as if it had been adopted (as certified) on that extended final action date.

(4) If the legislative body schedules the proposal for a hearing under subdivision (1), it shall announce the hearing during a meeting and enter the announcement in its memoranda and minutes. The announcement must state:

- (A) the date, time, and place of the hearing;
- (B) a description of the proposed changes in the zone maps;
- (C) that written objections to the proposal filed with the clerk of the legislative body or with the county auditor will be heard; and
- (D) that the hearing may be continued from time to time as may be found necessary.

(5) If the legislative body rejects the proposal at a hearing scheduled under subdivision (1), it is defeated.

(d) METRO. The plan commission may adopt a rule to limit further consideration, for up to one (1) year after its defeat, of a proposal that is defeated under subsection (c)(5).

(e) ADVISORY~~AREA~~. The legislative body shall vote on the proposal within ninety (90) days after the plan commission certifies the proposal under section 605 of this chapter.

(f) ADVISORY~~AREA~~. This subsection applies if the proposal receives a favorable recommendation from the plan commission:

- (1) At the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter (or at any subsequent meeting within the ninety (90) day period), the legislative body may adopt or reject the proposal. The legislative body shall give notice under IC 5-14-1.5-5 of its intention to consider the proposal at that meeting.
- (2) If the legislative body adopts (as certified) the proposal, it takes effect as other ordinances of the legislative body.
- (3) If the legislative body rejects the proposal, it is defeated.
- (4) If the legislative body fails to act on the proposal within ninety (90) days after certification, the ordinance takes effect as if it had been adopted (as certified) ninety (90) days after certification.

(g) ADVISORY~~AREA~~. This subsection applies if the proposal receives either an unfavorable recommendation or no recommendation from the plan commission:

- (1) At the first regular meeting of the legislative body after the proposal is certified under section 605 of this chapter (or at any subsequent meeting within the ninety (90) day period), the

legislative body may adopt or reject the proposal. The legislative body shall give notice under IC 5-14-1.5-5 of its intention to consider the proposal at that meeting.

(2) If the legislative body adopts (as certified) the proposal, it takes effect as other ordinances of the legislative body.

(3) If the legislative body rejects the proposal, it is defeated.

(4) If the legislative body fails to act on the proposal within ninety (90) days after certification, it is defeated.

(h) ~~ADVISORY~~AREA. The plan commission may adopt a rule to limit further consideration, for up to one (1) year after its defeat, of a proposal that is defeated under subsection (f)(3), (g)(3), or (g)(4).

IC 36-7-4-608.5

Zoning ordinance; notice and hearing on proposal to amend zoning map

Sec. 608.5. (a) In the case of a proposal to amend a zoning map under section 608 of this chapter, the legislative body of the consolidated city shall adopt an ordinance as follows:

(1) Requiring the plan commission to provide written notice of the proposed amendment to:

(A) the township legislative body; and

(B) the township assessor;

of the township where the property is located.

(2) Setting out the procedures by which the township legislative body may request the plan commission to conduct a public hearing in the township where the property is located.

(b) If requested by a township legislative body under subsection (a)(2), the plan commission shall conduct a public hearing in the township where the property is located. The hearing shall be conducted in accordance with section 604 of this chapter and be scheduled at a time determined by the township legislative body to maximize the opportunity for township residents to participate in the public hearing.

As added by P.L.164-1995, SEC.19.

IC 36-7-4-609

Zoning ordinances; vote required for action by legislative body; veto of city ordinances

Sec. 609. (a) ~~ADVISORY~~. A legislative body may take action under section 606, 607, or 608 of this chapter only by a vote of at least a majority of all the elected members of the body.

(b) ~~AREA~~. A legislative body may take action under section 606, 607, or 608 of this chapter only by a vote of at least a majority of all the elected members of the body.

(c) ~~METRO~~. The legislative body may take action under section 606, 607, or 608 of this chapter only by a vote of at least three-fifths (3/5) of all the elected members of the body.

(d) ~~ADVISORY~~AREA. Each city shall determine whether its zoning ordinances will be subject to veto by the executive of the city. If the city legislative body, by general ordinance, so provides, then each

zoning ordinance adopted by that city under section 606, 607, or 608 of this chapter may be vetoed by the executive of the city. The executive must exercise the veto:

- (1) in a case in which the legislative body adopts (as certified) the proposal, within ten (10) days after the legislative body acts;
- (2) in a case in which the legislative body amends the proposal and the plan commission approves the amendment or fails to act, within fifty-five (55) days after the proposal is returned to the plan commission for its consideration;
- (3) in a case in which the legislative body amends the proposal and confirms its original amendment by another vote, within ten (10) days after the legislative body confirms its original amendment; or
- (4) in a case in which the proposal is to take effect because of the legislative body's failure to act within a period of days, within ten (10) days after the expiration of that period.

(e) If a city zoning ordinance is not vetoed under subsection (d), it takes effect without any action being taken by the executive of the city.

(f) **ADVISORY AREA.** If a city zoning ordinance is vetoed under subsection (d), it is defeated unless the city legislative body, at its first regular or special meeting after receiving the veto message, passes the ordinance over the veto by a two-thirds (2/3) vote.

IC 36-7-4-610

Zoning ordinance; notice of adoption; printing; presumption; effective date; copies

Sec. 610. (a) After adoption of a zoning ordinance under section 606 of this chapter, the plan commission shall publish a notice of adoption in accordance with IC 5-3-1. The notice of adoption (which the plan commission shall have prepared) must:

- (1) summarize the subject matter of the ordinance;
- (2) give the date of adoption;
- (3) specify the places or areas that would be directly affected by the ordinance (this subdivision does not require the identification of any real property by metes and bounds);
- (4) specify the penalty or forfeiture prescribed for a violation of the ordinance; and
- (5) give two (2) locations open to the public where the entire text of the ordinance is available for inspection.

(b) After adoption of a zoning ordinance under section 606 or 607 of this chapter, the plan commission shall print the text of the ordinance in book or pamphlet form (or arrange for the inclusion of the zoning ordinance in the code of ordinances printed by the unit under IC 36-1-5), and no other printing or publication of any zoning ordinance is required. Printing of the text of a zoning ordinance in compliance with this subsection constitutes presumptive evidence:

- (1) of the text of the ordinance that is contained in the code of ordinances, book, or pamphlet (and supplement, if any);
- (2) of the date of adoption of the ordinance, and of any

amendment to the ordinance that is contained in the code of ordinances, book, or pamphlet (and supplement, if any); and
(3) that the ordinance, along with any amendment to the ordinance that is contained in the code of ordinances, book, or pamphlet (and supplement, if any), has been properly signed, attested, and recorded.

(c) Zone maps incorporated by reference into the zoning ordinance are not required to be printed in the code of ordinances, book, or pamphlet printed under this section, but the plan commission shall keep them available at its office for public inspection.

(d) Unless a zoning ordinance provides for a later effective date, the ordinance takes effect when it is adopted under section 606, 607, or 608 of this chapter, subject to subsection (e).

(e) When a provision prescribing a penalty or forfeiture for a violation is printed under this section, it may not take effect until fourteen (14) days after the later of the following:

(1) The final day on which notice of its adoption is published under subsection (a).

(2) The day on which it is filed in the clerk's office under subsection (f).

(f) A zoning ordinance is not required to be included in the code of ordinances printed by a unit under IC 36-1-5. However, if the zoning ordinance is not included in that code, then two (2) copies of the book or pamphlet (and supplement, if any) printed under this section shall be filed in the office of the clerk of each participating legislative body, and these copies shall be kept on file in that office for public inspection.

(g) If the zoning ordinance is not included in the code of ordinances, the clerk shall keep additional copies of the book or pamphlet (and supplement, if any) in the office for the purpose of sale or distribution. However, if the zoning ordinance is included in the code of ordinances, copies of the zoning ordinance shall also be made available to the public in accordance with IC 5-14-3.

IC 36-7-4-610.5

Proposed changes in zone maps

Sec. 610.5. This section applies to a proposal, as described in section 602(c) of this chapter, to change the zone maps incorporated by reference into the zoning ordinance. If, not later than one hundred eighty (180) days after adoption of the proposal, the legislative body finds that the proposal was adopted as a result of a person's intentional misrepresentation or omission of material facts, the legislative body may, by a three-fourths (3/4) vote (as described in IC 36-1-8-14), adopt an ordinance to nullify any change in the zone maps that resulted from the misrepresentation or omission. Such an ordinance may be adopted by the legislative body without being referred to the plan commission for consideration and recommendation under sections 604, 605, and 608 of this chapter.

As added by P.L.216-1999, SEC.3. Amended by P.L.125-2001, SEC.5.

IC 36-7-4-611

Zoning ordinance; due deliberation presumption; effectiveness within jurisdiction of adopting legislative body

Sec. 611. (a) Any ordinance adopted under the 600 series is presumed to have been adopted after due deliberation in regard to the facts upon which the comprehensive plan was formulated.

(b) AREA. If a proposed zoning ordinance is adopted under section 606, 607, or 608 of this chapter by one (1) or more, but not all, of the participating legislative bodies, it has effect within the jurisdiction of each legislative body that adopted it. The fact that the ordinance was based on a comprehensive plan developed for a larger territorial area does not affect its validity. The plan commission may print the ordinance under section 610 of this chapter as it applies only to certain territorial areas, whenever that would be useful for its enforcement.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.335-1985, SEC.25.

IC 36-7-4-612

Zoning ordinance; effect of prior ordinances

Sec. 612. (a) ADVISORY. Each zoning ordinance and each amendment to it adopted under any prior statute are validated and continued in effect until amended or repealed by action of the legislative body taken under authority of the advisory planning law. Each zoning ordinance has the same effect even though previously adopted as a comprehensive plan of land use or as a part of such a comprehensive plan.

(b) AREA. Each zoning ordinance that:

- (1) was adopted by a county or a participating municipality; and
- (2) is in effect at the time of the establishment of a planning department under section 202 of this chapter;

remains in full force and shall be enforced by the planning department under the area planning law until superseded by the zoning ordinance adopted for the jurisdiction under section 606 of the area planning law.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.335-1985, SEC.26; P.L.220-1986, SEC.22.

IC 36-7-4-613

Zoning ordinance; development plans; use or development commitments; land use restrictions

Sec. 613. (a) This section applies only to a development plan that is submitted under the 1400 series of this chapter. The plan commission may permit or require the owner of a parcel of real property to make a written commitment concerning the use or development of that parcel. The commission may adopt rules:

- (1) governing the creation, form, recording, modification, enforcement, and termination of commitments; and
- (2) designating which specially affected persons and classes of specially affected persons are entitled to enforce commitments.

(b) A commitment made under this section shall be recorded in the office of the county recorder and takes effect upon the approval of the development plan related to the commitment. Unless a commitment is

modified or terminated by the plan commission, a commitment is binding on:

- (1) the owner of the parcel;
- (2) a subsequent owner of the parcel; and
- (3) a person who acquires an interest in the parcel.

A commitment is binding on the owner of the parcel even if the commitment is not recorded. A commitment that is not recorded is binding on a subsequent owner of the parcel or other person acquiring an interest in the parcel only if that subsequent owner or other person acquiring an interest has actual notice of the commitment.

(c) A commitment made under this section may be modified or terminated only by a decision of the plan commission made at a public hearing after notice of the hearing has been provided under the plan commission's rules.

(d) This section does not affect the validity of any covenant, easement, equitable servitude, or other land use restriction created in accordance with law.

As added by P.L.335-1985, SEC.27. Amended by P.L.320-1995, SEC.7.

IC 36-7-4-614

Zoning ordinance; use or development commitments regarding zoning map changes; binder; modification or termination; land use restrictions

Sec. 614. (a) METRO. This section applies only to the following:

- (1) A proposal submitted under section 608 of this chapter.
- (2) A proposal for a PUD district ordinance (as defined in section 1503 of this chapter).

(b) METRO. The plan commission may permit or require the owner of a parcel of real property to make a written commitment concerning the use or development of that parcel, subject to the same rules prescribed for commitments under section 613 of this chapter.

(c) METRO. A commitment made under this section automatically terminates if after the adoption of the proposal:

- (1) the zone map applicable to the parcel is changed; or
- (2) the parcel is designated as a planned unit development district under the 1500 series of this chapter.

(d) METRO. During the time when a proposal subject to this section is being considered by the legislative body, the owner of a parcel of land may make a new written commitment or modify the terms of a written commitment made when the proposal was before the plan commission. No further action of the plan commission is required for a new written commitment to be effective. If a written commitment made when the proposal was before the plan commission is modified:

- (1) no further action is required by the plan commission for the commitment to be effective if the effect of the commitment modification is to make the commitment more stringent; or
- (2) the modified commitment must be ratified by the plan commission if the effect of the commitment modification is to make the commitment less stringent.

(e) METRO. An owner who makes or modifies a commitment under subsection (d) when the related proposal is before the legislative body

(b) The plan commission shall then recommend to each participating legislative body an ordinance containing provisions for subdivision control, which ordinance shall be adopted, amended, or repealed in the same manner as the zoning ordinance. After the subdivision control ordinance has been adopted and a certified copy of the ordinance has been filed with the county recorder, the plan commission has exclusive control over the approval of all plats and replats involving land covered by the subdivision control ordinance, subject to subsection (c) and subsection (f).

(c) **ADVISORY.** The municipal plan commission has exclusive control over the approval of plats and replats involving unincorporated land within its jurisdiction, unless the legislative body of the county has adopted a subdivision control ordinance covering those lands. In this case, the county plan commission has exclusive control over the approval.

(d) The subdivision control ordinance may provide that the subdivision of land that does not involve the opening of a new public way and that complies in all other respects with the subdivision control ordinance and the zoning ordinance may be granted primary approval

by the plat committee without public notice and hearing, subject to appeal to the plan commission. Within ten (10) days after primary approval under this subsection, the plan commission staff shall provide for due notice to interested parties of their right to appeal to the plan commission. The commission must mail notice of the removal, along with written reasons, if any, for the removal, to the member at his residence address. A member who is removed may not appeal the removal to a court or otherwise. The plat committee may take action only by a majority vote.

This decision must be signed by an official designated in the subdivision control ordinance.

(b) If, after the hearing, the plan commission or plat committee disapproves the plat, it shall make written findings that set forth its reasons and a decision denying primary approval and shall provide the applicant with a copy. This decision must be signed by the official designated in the subdivision control ordinance.

(c) Primary approval or disapproval of a plat by the plat committee may be appealed only under section 708 of this chapter. However, it may not be taken directly to court for review under section 1016 of this chapter until administrative remedies are exhausted.

This money may be used for these purposes without appropriation. The improvement or installation must conform to the standards provided for such improvements or installations by the municipality in which it is located, as well as the subdivision control ordinance.

Improvement location permit; requirement

Sec. 801. (a) ADVISORY. A structure may not be located and an improvement location permit for a structure on platted or unplatted land may not be issued unless the structure and its location conform to the municipal zoning ordinance. However, if the land is unincorporated land that lies within a county that has adopted a zoning ordinance, then the municipal zoning ordinance does not apply and the structure must conform to the county zoning ordinance. A municipality, having adopted a zoning ordinance, may issue and control improvement location permits on unincorporated lands within the jurisdiction of its municipal plan commission if the lands lie within a county that has not adopted a zoning ordinance.

(b) AREA\METRO. A zoning ordinance, a subdivision ordinance, or a separate ordinance may require the procurement of:

- (1) an improvement location permit for the erection, alteration, or repair of any structure on platted or unplatted land; and
- (2) an occupancy permit for the use of any structure or land regulated by a zoning ordinance, subdivision ordinance, thoroughfare ordinance, or other ordinance relating to land use.

If such a provision is adopted, a structure may not be located and a permit may not be issued unless the use, character, and location of the structure is in conformity with the applicable ordinance.

(c) AREA. The ordinance under subsection (b) must contain a schedule of fees and must provide that the unit that issues the permit shall receive the fee and pay it into its general fund.

(b) AREA. The authority to issue the improvement location permit and the occupancy permit may be delegated by the ordinance to the area plan commission or to other appropriate officers of the county or municipality. If the authority is delegated in part to officers of a municipality, they may not issue permits for structures to be erected outside the corporate boundaries of the municipality.

(c) METRO. The metropolitan development commission shall issue improvement location permits and occupancy permits. The commission may delegate this duty to any municipal or county officers.

Bonds of contractors, engineers, and surveyors; enforcement of zoning or subdivision ordinance

Sec. 803. (a) AREA~~t~~METRO. As an additional means of insuring the enforcement of a zoning or subdivision ordinance, a legislative body may adopt, as a part of either ordinance or by separate ordinance, provisions requiring building contractors to furnish an annual bond of one thousand dollars (\$1,000). This bond is to insure that if the construction does not comply with the zoning or subdivision ordinance that it can be made to conform without cost to the municipality, the county, or the person for whom the construction was undertaken.

(b) METRO. An ordinance under subsection (a) may also require professional engineers and land surveyors to furnish an annual bond of one thousand dollars (\$1,000) to insure that their plans and surveys conform to the zoning or subdivision ordinance.

(c) METRO. A person constructing a building for his own use and occupancy as a residence or in connection with his residence is exempt from any provisions adopted under subsection (a).

Improvement location or building permit; eligibility; violations of zoning or subdivision ordinance; hearing

Sec. 804. (a) METRO. After a building contractor violates a zoning or subdivision ordinance three (3) times in a calendar year, he is ineligible to receive an improvement location or building permit for one (1) year, beginning on the date of the third violation. Whenever a person for whom a structure is to be built applies for a permit, he must disclose under the penalties for perjury the identity of his contractor; such a person is eligible to receive a permit only if his contractor is eligible.

(b) METRO. A determination by the metropolitan development commission, after a hearing at which the contractor may be represented by counsel and may present evidence, is conclusive evidence of a violation under subsection (a).

900 Series_Board of zoning appeals

Sec. 900. This series (sections 900 through 999 of this chapter) may be cited as follows: 900 SERIES~~t~~BOARD OF ZONING APPEALS.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-901

Board of zoning appeals; establishment; divisions; jurisdiction; continuation of certain boards

Sec. 901. (a) As a part of the zoning ordinance, the legislative body shall establish a board of zoning appeals.

(b) The board of zoning appeals is composed of one (1) division, unless the zoning ordinance is amended under this subsection. Whenever considered desirable, the zoning ordinance may be amended to establish an additional one (1), two (2), or three (3) divisions of the board of zoning appeals.

(c) After January 1, 1984, whenever any divisions of the board of zoning appeals are established or reestablished by the zoning ordinance, the ordinance must provide for each division to consist of five (5) members appointed in accordance with section 902 of this chapter.

(d) The board of zoning appeals shall be known as:

- (1) the advisory board of zoning appeals (under the advisory planning law);
- (2) the area board of zoning appeals (under the area planning law); or
- (3) the metropolitan board of zoning appeals (under the metropolitan development law).

(e) Except as provided in this section, a board of zoning appeals has territorial jurisdiction over all the land subject to the zoning ordinance, and if the board has more than one (1) division, all divisions have concurrent jurisdiction within that territory.

(f) ~~ADVISORY~~ AREA. The zoning ordinance may provide that any additional division of the board of zoning appeals, having been established under subsection (b), is to have only limited territorial jurisdiction. The zoning ordinance must describe the limits of that division's territorial jurisdiction and specify whether that division has exclusive or concurrent jurisdiction within that territory.

(g) METRO. Any municipal board of zoning appeals that was established by an excluded city under IC 18-7-2-61 (before its repeal on September 1, 1981) continues as the board of zoning appeals for that municipality. A board of zoning appeals for an excluded city has exclusive territorial jurisdiction within the corporate boundaries of that municipality. All divisions of the metropolitan board of zoning appeals have concurrent territorial jurisdiction throughout the remainder of the county. The legislative body of the consolidated city may adopt ordinances to regulate the time of the meetings and the voting procedures of the metropolitan board of zoning appeals.

(h) ~~ADVISORY~~. Any board of zoning appeals that was established under IC 18-7-3-11 continues as the board of zoning appeals for that jurisdiction, until otherwise provided by the zoning ordinance.

(i) AREA. Any board of zoning appeals that was established under the advisory planning law and continued in existence under the area planning law continues as the board of zoning appeals for that jurisdiction, until otherwise provided by the zoning ordinance.

(j) AREA. Any board of zoning appeals that was established under the area planning law as a seven (7) member board continues as the area board of zoning appeals, until otherwise provided by the zoning ordinance.

(k) METRO. The zoning ordinance may provide that a historic preservation commission created under IC 36-7-11.1-3 may exercise the powers of a board of zoning appeals within a historic area or

historic zoning district established under IC 36-7-11.1-6. However, this subsection does not eliminate the need for a historic preservation commission to issue a certificate of appropriateness under IC 36-7-11.1-8(e) before the approval of a variance by either:

- (1) a board of zoning appeals; or
- (2) a historic preservation commission exercising the powers of a board of zoning appeals.

IC 36-7-4-902

Board of zoning appeals; members; number; appointment

Sec. 902. (a) ADVISORY. Each division of the advisory board of zoning appeals consists of five (5) members as follows:

- (1) Three (3) citizen members appointed by the executive of the municipality or county, of whom one (1) must be a member of the plan commission and two (2) must not be members of the plan commission.
- (2) One (1) citizen member appointed by the fiscal body of the municipality or county, who must not be a member of the plan commission.
- (3) One (1) member appointed by the plan commission from the plan commission's membership, who must be a county agricultural agent or a citizen member of the plan commission other than the member appointed under subdivision (1).

(b) ADVISORY. In each county having a metropolitan plan commission, subsection (a) does not apply. In such a county, each division of the advisory board of zoning appeals consists of five (5) members as follows:

- (1) Two (2) members, of whom no more than one (1) may be of the same political party, appointed by the county legislative body.
- (2) Three (3) members, of whom no more than two (2) may be of the same political party, appointed by the second class city executive. One (1) only of these members must be a member of the plan commission.

(c) AREA. When the area board of zoning appeals was established before January 1, 1984, as a seven (7) member board, the board consists of seven (7) members as follows:

- (1) Two (2) citizen members appointed by the area plan commission from its membership, one (1) of whom must be a municipal representative and the other must be a county representative.
- (2) Three (3) citizen members, who may not be members of any plan commission, appointed by the executive of the largest municipality in the county. (h) The board may require any party adverse to any pending petition to enter a written appearance specifying the party's name and address. - (2) adopt rules designating which specially affected persons and classes of specially affected persons are entitled to enforce commitments.

(c) Commitments shall be recorded in the office of the county recorder and take effect upon the approval of the exception, use, or variance. Unless modified or terminated by the board of zoning appeals, a commitment is binding on:

- (1) the owner of the parcel;
- (2) a subsequent owner of the parcel; and
- (3) a person who acquires an interest in the parcel.

A commitment is binding on the owner of the parcel even if it is unrecorded. However, an unrecorded commitment is binding on a subsequent owner or other person acquiring an interest in the parcel only if that subsequent owner or other person has actual notice of the commitment. A commitment may be modified or terminated only by a decision of the board made at a public hearing after notice as provided by rule.

(d) By permitting or requiring commitments, a board of zoning appeals does not obligate itself to approve or deny any request.

(e) Conditions imposed on the granting of an exception, a use, or a

Board of zoning appeals; procedures for appeal to metropolitan development commission

Sec. 922. (a) METRO. An official designated by the metropolitan development commission may appeal to the metropolitan development commission any decision of a board of zoning appeals regarding an administrative appeal, or approving a special exception, a special or conditional use, or a variance from the terms of the zoning ordinance. The official must file in the office of the department of metropolitan development a notice of appeal within five (5) days after the board files a copy of the decision in the office of the board. However, if a representative of the department of metropolitan development appears at the hearing at which the administrative appeal is decided, or the special exception, special or conditional use, or variance is approved, then the official must file the notice of appeal within five (5) days after the board has rendered its decision. The notice must certify that the decision raises a substantial question of zoning policy appropriate for consideration by the commission. The commission shall hear the appeal at its next regular meeting held not less than five (5) days after the notice of appeal is filed.

(b) METRO. In hearing appeals under this section, the metropolitan development commission sits as a board of zoning appeals and shall be treated as if it is a board for purposes of this section. The commission may accept into evidence the written record, if any, of the hearing before the board of zoning appeals, along with other evidence introduced by the staff or interested parties. The commission shall consider the matter de novo, but the decision of the board is considered affirmed unless two-thirds (2/3) of the commission members voting vote to deny the administrative appeal, exception, use, or variance.

(c) METRO. Although persons other than the designated official may not appeal a decision of a board of zoning appeals to the metropolitan development commission, they may appear as interested parties in appeals under this section. No public notice need be given of the hearing of an appeal under this section, but the official shall promptly mail notice of the subject of the appeal and date and place of the hearing to each adverse party. However, if the record of the board shows that more than three (3) proponents or more than three (3) remonstrators appeared, then the official need mail notice only to the first three (3) of each as disclosed by the record.

- (3) a variance of use from the terms of the zoning ordinance in accordance with section 918.4 of this chapter; however, the authority of a hearing officer under this subdivision may be exercised only if:

(A) the area planning law is not applicable; and

(B) the variance of use would allow all of the following:

- (i) The expansion of a use currently existing on the tract.
- (ii) A use that is consistent with the comprehensive plan.

(b) All requirements for variances, exceptions, and uses imposed by the 900 series apply to the alternate procedure, except to the extent that a provision of section 924 of this chapter imposes a different requirement.

(c) The alternate procedure does not apply in any excluded city as described in IC 36-3-1-7. Sections 919(f) and 922 of this chapter do not apply to the alternate procedure.

(d) The hearing officer (who may be a board member, a staff member, or any other person) shall be appointed by the plan commission. More than one (1) hearing officer may be appointed. A hearing officer may be removed from his responsibilities at any time by the plan commission.

(e) METRO. The plan commission may adopt other rules for the alternate procedure not inconsistent with the 900 series of the metropolitan development law. These rules may specify the period during which the staff may indicate whether the staff objects to the proposed variance, exception, or use. These rules may also provide for public notice and due notice to interested parties in accordance with section 920(b), 920(c), and 920(d) of this chapter, but the rules may, because of the nature of the petitions heard under the alternate procedure, provide for a less inclusive definition of "interested person" and provide for a quicker and less burdensome method of giving notice to interested persons than rules applicable to petitions not filed under the alternate procedure. For purposes of subsection (d), the director of the department of metropolitan development shall nominate, and the plan commission shall appoint, all hearing officers; such a hearing officer may be removed from his responsibilities at any time by either the director or the plan commission.

(f) METRO. The plan commission may, if requested by a historic

preservation commission created under IC 36-7-11.1-3, appoint:

- (1) a member of the historic preservation commission;
- (2) a member of the historic preservation staff; or
- (3) a person who is an employee of the department of metropolitan development;

as a hearing officer to act in a historic area or historic zoning district created under IC 36-7-11.1-6. The hearing officer may be removed from the hearing officer's responsibilities at any time by either the historic preservation commission or the plan commission.

IC 36-7-4-924

Alternate procedure of plan commission; rules; objections; commitments; disposition of petitions or applications; appeal

Sec. 924. (a) In establishing the alternate procedure under section 923 of this chapter, the plan commission may adopt rules:

- (1) limiting the kinds of variance, special exception, special use, contingent use, or conditional use petitions or applications that may be filed under the alternate procedure;
- (2) permitting the hearing officer, in appropriate circumstances, to transfer a petition or an application filed under the alternate procedure to the board of zoning appeals;
- (3) requiring the creation of minutes and records of the proceedings before the hearing officer and the filing of the minutes and records as public records; and
- (4) regulating conflicts of interest and communication with the hearing officer, so as to require the same level of conduct as is required by the 900 series of this chapter.

(b) The staff (as defined by the zoning ordinance), if any, may file a written objection to a petition or an application for a variance, exception, or use if:

- (1) it would be injurious to the public health, safety, morals, and general welfare of the community; or
- (2) the use or value of the area adjacent to the property included would be affected in a substantially adverse manner.

(c) If a written objection is filed under subsection (b), the petition or application shall:

- (1) be considered withdrawn; or
- (2) be transferred to the board of zoning appeals if requested by the petitioner or applicant.

(d) The staff (as defined by the zoning ordinance), if any, may indicate that it does not object to the approval of the variance, exception, or use if specified conditions are attached. If the petitioner or applicant does not accept these conditions, the petition or application shall:

- (1) be considered withdrawn; or
- (2) be transferred to the board of zoning appeals if requested by the petitioner or applicant.

(e) The hearing officer may impose conditions and may permit or require the owner of a parcel of property to make a written commitment

concerning the use or development of that parcel, as provided in section 921 of this chapter. If the petitioner or applicant for the variance, exception, or use does not accept these conditions or make the commitment, the petition or application shall:

- (1) be considered withdrawn; or
- (2) be transferred to the board of zoning appeals if requested by the petitioner or applicant.

(f) The hearing officer may not modify or terminate any commitment, whether made under this section or section 921 of this chapter. Commitments made under this section may be modified by the board of zoning appeals.

(g) A decision of a hearing officer under the alternate procedure may not be a basis for judicial review, but it may be appealed to the board of zoning appeals. An interested person who wishes to appeal a decision of a hearing officer under the alternate procedure must file the appeal with:

- (1) the board of zoning appeals if the board of zoning appeals consists of only one (1) division; or
- (2) a division of the board of zoning appeals if the board of zoning appeals consists of more than one (1) division;

within fourteen (14) days after the decision is made.

1000 Series Remedies and enforcement

Sec. 1000. This series (sections 1000 through 1099 of this chapter) may be cited as follows: 1000 SERIES REMEDIES AND ENFORCEMENT.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1001

Remedies and enforcement; stay of proceedings and work on premises affected pending appeal to board of zoning appeals

Sec. 1001. (a) When an appeal from the decision of an official or board has been filed with the board of zoning appeals, proceedings and work on the premises affected shall be stayed unless the official or board certifies to the board of zoning appeals that, by reason of the facts stated in the certificate, a stay would cause imminent peril to life or property. In that case, proceedings or work may not be stayed except by a restraining order.

(b) After notice to the officer or board and to the owner of the premises affected and after due cause is shown, the circuit or superior court of the county in which the premises affected are located may grant the restraining order.

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.310, SEC.53.

IC 36-7-4-1002

Remedies and enforcement; stay order

Sec. 1002. After the owner of, or a person in charge of the work on,

the premises affected has received notice that an appeal has been filed with the board of zoning appeals, the official or board charged with the enforcement of an ordinance, under the 600 series of this chapter, may order the work stayed and call on the police power of the municipality or county to give effect to that order.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1003

Remedies and enforcement; review by certiorari of decisions of legislative body or board of zoning appeals; venue; limitations

Sec. 1003. (a) Each decision of the legislative body under section 918.6 of this chapter or the board of zoning appeals is subject to review by certiorari. Each person aggrieved by a decision of the board of zoning appeals or the legislative body may present, to the circuit or superior court of the county in which the premises affected are located, a verified petition setting forth that the decision is illegal in whole or in part and specifying the grounds of the illegality. No change of venue from the county in which the premises affected are located may be had in any cause arising under this section.

(b) ADVISORY. The person shall present the petition to the court within thirty (30) days after the date of that decision of the board of zoning appeals.

(c) AREA. The person shall present the petition to the court within thirty (30) days after the entry of that decision of the board of zoning appeals.

(d) METRO. The person shall present the petition to the court after the expiration of the period within which an official designated by the metropolitan development commission may file an appeal under section 922 of this chapter but within thirty (30) days after the date of that decision of the board of zoning appeals. However, if the official files an appeal, then only the decision of the metropolitan development commission sitting as a board of zoning appeals is subject to review by certiorari, in accordance with this section. The official or department of metropolitan development may not seek review by certiorari of a decision of a board of zoning appeals or the commission sitting as a board of zoning appeals.

IC 36-7-4-1004

Repealed

(Repealed by Acts 1981, P.L.310, SEC.94.)

IC 36-7-4-1005

Remedies and enforcement; writ of certiorari; notice of filing of petition; contents

Sec. 1005. (a) On filing a petition for a writ of certiorari with the clerk of the court, the petitioner shall have a notice served by the sheriff of the county on each adverse party, as shown by the record of the case in the office of the board of zoning appeals. The service of the notice by the sheriff on the chairman or secretary of the board of zoning

appeals constitutes notice of the filing of the petition to the board of zoning appeals, to the municipality or county, and to any municipal or county official or board charged with the enforcement of the zoning ordinance. No other summons or notice is necessary when filing a petition.

(b) An adverse party under this section is any property owner whose interests are opposed to the petitioner for the writ of certiorari and who appeared at the hearing before the board of zoning appeals either in person or by a written remonstrance or other document that is part of the hearing record. If the petitioner was an unsuccessful appellant in the administrative appeal, or an unsuccessful petitioner or applicant for a variance, special exception, or special or conditional use, and the record shows a written remonstrance or other document opposing the interest of the petitioner that contains more than three (3) names, the petitioner shall have notice served on the three (3) property owners whose names appear first on the remonstrance or document. Notice to the other persons named is not required.

(c) Notice given under subsection (a) must state:

- (1) that a petition for a writ of certiorari, asking for a review of the decision of the board of zoning appeals, has been filed in the court;
- (2) the premises affected; and
- (3) the date of the decision.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.320-1995, SEC.18.

IC 36-7-4-1006

Remedies and enforcement; writ of certiorari; requirement to show cause; allowance; time for return

Sec. 1006. On presentation of a petition for a writ of certiorari, the court shall direct the board of zoning appeals, within twenty (20) days after the date of the petition, to show cause why a writ of certiorari should not issue. If the board fails to show to the satisfaction of the court that a writ should not issue, then the court may allow a writ of certiorari directed to the board. The writ must prescribe the time in which a return shall be made to it. This time must not be less than ten (10) days from the date of issuance of the writ, and the court may extend the time.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1007

Remedies and enforcement; allowance of writ; stay of proceedings or work; effect on adverse party

Sec. 1007. The allowance of the writ of certiorari does not stay proceedings or work on the premises affected. After application, after notice to all parties to the decision, and after due cause is shown, the court may, however, grant such relief as the circumstances of the case may require, including an order staying the work until final determination of the case by the court. This staying order may be issued by the court without requiring the petitioner to enter into a written undertaking to the adverse party affected by the order for the payment

of damages by reason of the staying order.
As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1008

Remedies and enforcement; return to writ; requisites; cost of transcript

Sec. 1008. (a) The board of zoning appeals shall, in the return to the writ of certiorari, concisely set forth such facts and data as may be pertinent and present material to show the grounds of the decision on appeal. The secretary of the board shall verify the return. The board may not be required to return the original papers acted on by it. It is sufficient to return certified copies of all or such part of the papers as may be called for by the writ.

(b) If the writ of certiorari calls for a transcript of the hearing before the board, the petitioner shall pay the costs of preparing the transcript.
As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.310, SEC.54.

IC 36-7-4-1009

Remedies and enforcement; writ of certiorari; determination by court; supplemental evidence

Sec. 1009. The court may determine the sufficiency of the statements of illegality contained in the petition, without further pleadings, and may make its determination and render its judgment with reference to the legality of the decision of the board of zoning appeals, on the facts set out in the return to the writ of certiorari. If the court determines that testimony is necessary for the proper disposition of the matter, it may take evidence to supplement the evidence and facts disclosed by the return to the writ of certiorari, but the review may not be by trial de novo. In passing on the legality of the decision of the board, the court may reverse, affirm, or modify the decision of the board brought up for review.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1010

Remedies and enforcement; preference of issues; costs

IC 36-7-4-1011

Remedies and enforcement; appeal to court of appeals

Sec. 1011. An appeal may be taken to the court of appeals from the final judgment of the court reversing, affirming, or modifying the

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1012

Remedies and enforcement; violation as common nuisance

Sec. 1012. An ordinance adopted under this chapter may provide that a structure erected, raised, or converted, or land or premises used, in violation of this chapter or an ordinance or regulation made under this chapter, is a common nuisance and that the owner or possessor of the structure, land, or premises is liable for maintaining a common nuisance.

When the legislative body provides penalties for failure to comply with any ordinance, the municipal attorney or an attorney representing the county, as the case may be, shall, on receipt of information of the violation of any ordinance, make an investigation of the alleged violation. If acts elicited by the investigation are sufficient to establish a reasonable belief that a violation has occurred on the part of the party investigated, the municipal attorney or an attorney representing the county may file a complaint against the person and prosecute the alleged violation.

(b) AREA+METRO. The plan commission or a board of zoning appeals may request the prosecuting attorney of the county (or of the city under the metropolitan development law) to take appropriate action in any case involving the violation of this chapter or of any ordinance or regulation adopted under it. The prosecuting attorney shall act promptly when requested.

(c) AREA. The plan commission may appoint one (1) or more attorneys to advise the planning department and to assist in the enforcement of the area planning law, and ordinances and regulations adopted under it. The services of an attorney, appointed by the commission, shall be made available without extra compensation to the prosecuting attorney in all cases involving the planning department. The attorneys may be deputized to act for and under the direction of the prosecuting attorney. In civil actions for the enforcement of the area planning law or ordinances or regulations adopted under it, an attorney appointed by the commission may bring an action in the name of the commission.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.137-1989, SEC.16.

IC 36-7-4-1014

Remedies and enforcement; allowable actions

Sec. 1014. (a) The plan commission or any enforcement official designated in the zoning ordinance may bring an action in the circuit or superior court of the county to invoke any legal, equitable, or special remedy for the enforcement of this chapter or any ordinance adopted or action taken under this chapter.

(b) The plan commission or any enforcement official designated in the zoning ordinance may also bring an action in the circuit or superior court of the county to enforce:

(c) ADVISORY. In addition, in each county having a metropolitan plan commission, if the county or second class city adopts a zoning ordinance under this chapter, then that unit may also invoke any remedy under this section. However, the county may do so only outside the corporate boundaries of the city, and the city may do so only within its corporate boundaries.

(d) METRO. The metropolitan development commission may also bring an action in the circuit or superior court of the county to enforce:

- (1) conditions imposed under this chapter;

(2) that:

(A) excludes a child care home from a residential area solely because the child care home is a business;

(B) imposes limits on the number of children that may be served by a child care home at any one (1) time that vary from the limits set forth in IC 12-7-2-33.7 and IC 12-7-2-33.8; or

(C) imposes requirements or restrictions upon child care homes that vary from the requirements and restrictions imposed upon child care homes by rules adopted by the division of family and children or the fire prevention and building safety commission;

1200 Series_Township joinder

Sec. 1200. This series (sections 1200 through 1299 of this chapter) may be cited as follows: 1200 SERIES_TOWNSHIP JOINDER.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1201

Township joinder; conditions

Sec. 1201. ADVISORY. A township may join a municipality that has an advisory plan commission and has adopted zoning and subdivision control ordinances, if any part of the township is contiguous to:

(1) a corporate boundary of the municipality;

(2) an area over which the municipality is exercising planning and zoning authority; or

(3) a township that has joined the municipality under the 1200 series of this chapter.

Although no part of the township is contiguous to the municipality, a township may join a municipality that has an advisory plan commission and has adopted zoning and subdivision control ordinances, if the municipality is the county seat of the county in which the township is located.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1202

Township joinder; additional conditions

Sec. 1202. (a) ADVISORY. In a county that has a county plan commission or a metropolitan plan commission, after the county has adopted:

(1) a zoning ordinance that establishes reasonable districts for:

(A) agricultural, residential, commercial, and industrial land

uses;
(B) adequate setback lines; and
(C) area, bulk, and height restrictions; and
(2) a subdivision control ordinance that imposes restrictions at least equal to those established in the zoning ordinance;
a township may not join with a municipality for planning and zoning purposes. This subsection does not affect a joinder agreement implemented before the county adopts ordinances of the character set forth in this subsection. Such a joinder agreement continues in effect until the township withdraws from the joinder under section 1212 of this chapter.

(b) ADVISORY. If a county has not established a county plan commission or a metropolitan plan commission or adopted ordinances of the character set forth in subsection (a), a township may join with a municipality for planning and zoning purposes.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.306-1989, SEC.1.

IC 36-7-4-1203

Township joinder; filing of petition; hearing; notice; remonstrance

Sec. 1203. (a) ADVISORY. If a township wants to join a municipality for planning and zoning purposes, a petition, signed by fifty (50) freeholders, must be filed with the township executive. The township executive and the township legislative body shall hold a hearing within thirty (30) days after the date of the filing of the petition. Public notice, giving the place, date, and time of the hearing, shall be given in accordance with IC 5-3-1.

(b) ADVISORY. If a remonstrance duly signed by a majority of the freeholders of the township residing outside the corporate boundaries of any municipality is filed on or before the date of the hearing, no action may be taken on the petition. If no such remonstrance is filed, the township executive and legislative body shall send the petition requesting joinder immediately to the municipal plan commission. If a petition for joinder is rejected under remonstrance as provided in this section, it may be refiled not earlier than one (1) year after that remonstrance.

As added by Acts 1981, P.L.309, SEC.23. Amended by Acts 1981, P.L.45, SEC.23.

IC 36-7-4-1204

Township joinder; consideration of petition

Sec. 1204. ADVISORY. Upon the receipt of a petition for joinder from a township, the municipal plan commission shall consider the petition. If the commission is favorable to it, it shall recommend joinder to the municipal legislative body. If the legislative body is favorable, it shall pass a resolution setting forth the terms of the joinder, send one (1) copy to the township executive, and file one (1) copy with the county recorder, which copy shall be filed in the miscellaneous records. If the commission or the legislative body rejects the petition, it shall immediately notify the township executive.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1205

Township joinder; choice of municipality for joinder

Sec. 1205. ADVISORY. If a township is contiguous to two (2) or more municipalities, the township may elect the municipality with which it wants to join.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1206

Township joinder; limitations on choice of municipality

Sec. 1206. (a) ADVISORY. If a township is partially within the corporate boundaries of a municipality or is partially within the jurisdictional limits of a municipality, as specified in section 205 of the advisory planning law, it may seek joinder only with that municipality.

(b) ADVISORY. If a township is within the jurisdictional limits of two (2) municipalities and one (1) of those municipalities is exercising control within the jurisdictional limit, the township must first seek joinder with that municipality. If both municipalities are exercising jurisdiction, then the township may choose the municipality with which it wants to join.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1207

Township joinder; joinder with county or municipality in other county

Sec. 1207. ADVISORY. If a township located in another county is contiguous to:

- (1) a municipal or county boundary;
- (2) an area over which a municipality is exercising planning and zoning authority; or
- (3) a township that has joined a municipality or county under the 1200 series of this chapter;

and joinder is not precluded by section 1202 of this chapter, then it may join either a contiguous municipality or a contiguous county that:

- (A) has an advisory plan commission; and
- (B) has adopted ordinances of the type specified in section 1202 of this chapter.

The procedures for joinder are the same as specified by sections 1203 and 1204 of this chapter, except that if joinder is with a county, the petition must go to the county plan commission or the metropolitan plan commission and the resolution of approval must be adopted by the county legislative body.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1208

Township joinder; planning and zoning jurisdiction

Sec. 1208. ADVISORY. If the petition is accepted, the planning and zoning jurisdiction of the municipality, or of the county under section 1207 of this chapter, extends to the township with the same effect as if

the township was a part of the municipality or the county, as the case may be.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1209

Township joinder; planning and zoning cost

Sec. 1209. ADVISORY. As a condition to the acceptance of the petition, the legislative body of a municipality or county may stipulate that the township contract with it for the payment of an equitable amount of the cost of planning and zoning within the township. If the municipality or county believes that it is to its advantage, it may agree to provide planning and zoning services without cost to the township.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1210

Township joinder; membership of township on advisory plan commission

Sec. 1210. (a) ADVISORY. To implement the joinder agreement, the township executive, with the approval of the township legislative body, shall appoint additional members to the advisory plan commission. The number of additional appointments must be such that, when added to the membership of the plan commission before joinder, the total membership of the plan commission reflects the proportion that the population of the township bears to that of the municipality or county, as the case may be. However, this proportional representation must not cause a reduction in the number of members representing that municipality or county.

(b) ADVISORY. Each additional member shall serve for a term of two (2) years from the date of the appointment. Members may be reappointed to subsequent terms. The members have all the rights and privileges of a member of the advisory plan commission, including the right to vote.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1210.5

Township joinder; membership of certain townships on advisory plan commission in certain counties

Sec. 1210.5. (a) ADVISORY. As used in this section, "town" refers to the most populous town in the jurisdiction of the plan commission.

(b) ADVISORY. This section applies to a plan commission operating under a joinder agreement:

(1) in a county having a population of more than one hundred eighty thousand (180,000) but less than one hundred eighty-two thousand seven hundred ninety (182,790); and

(2) containing:

(A) a township having a population of more than eighteen thousand (18,000) but less than twenty-five thousand (25,000);

or

(B) a township having a population of more than nine thousand (9,000) but less than fifteen thousand (15,000).

(c) ADVISORY. Notwithstanding section 1210 of this chapter, a

plan commission described in subsection (b) shall have nine (9) members as follows:

(1) Two (2) members of the town legislative body, to be appointed by the town executive for a one (1) year term.

(2) Two (2) town residents who are not elected officials or town employees, to be appointed by the town executive for a four (4) year term.

(3) One (1) member of the township board, to be appointed by the township executive for a one (1) year term.

(4) Four (4) township residents who:

(A) are not residents of the town; and

(B) are not employees of the town or township;

to be appointed by the township executive with the approval of the township legislative body for a four (4) year term.

IC 36-7-4-1211

Township joinder; collection of fees

Sec. 1211. ADVISORY. Fees collected for the issuance of permits or for the approval of subdivision plats shall be paid to the municipality or county, that the township joins, at the same rate and in the same manner as if the township was a part of that municipality or county.

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1212

Township joinder; withdrawal of township; conditions; procedure

Sec. 1212. ADVISORY. Because long range planning studies of population, land use, schools, recreation, and public ways involve substantial expenditures, a township that joins with a municipality or county may not withdraw from the joinder, unless:

(1) the municipality or county has consolidated on an area basis its planning and zoning activity under other law; or

(2) a petition, requesting a referendum on the question "Shall the township withdraw from joinder with (the municipality), or (the county), for planning and zoning purposes?", is sent to the township executive and is signed by at least the number of the voters of the township required under IC 3-8-6-3 to place a candidate on the ballot.

If the petition is received, the township executive shall certify the petition to the county election board under IC 3-10-9-3. The board shall place the question on a ballot to be submitted at the next general election for the township in the form prescribed by IC 3-10-9-4. If the township repays the amount expended for planning and zoning purposes that exceeds the amount contributed by the township and a majority of the voters voting in the election vote in the affirmative, the township may withdraw from its joinder with the municipality or county.

As added by Acts 1981, P.L.309, SEC.23. Amended by P.L.3-1987, SEC.566; P.L.12-1995, SEC.131.

Ordinance; jurisdiction to adopt; impact fees and other charges

Sec. 1311. (a) The legislative body of a unit may adopt an ordinance imposing an impact fee on new development in the geographic area over which the unit exercises planning and zoning jurisdiction. The ordinance must aggregate the portions of the impact fee attributable to the infrastructure types covered by the ordinance so that a single and unified impact fee is imposed on each new development.

(b) If the legislative body of a unit has planning and zoning jurisdiction over the entire geographic area covered by the impact fee ordinance, an ordinance adopted under this section shall be adopted in the same manner that zoning ordinances are adopted under the 600 SERIES of this chapter.

(c) If the legislative body of a unit does not have planning and zoning jurisdiction over the entire geographic area covered by the impact fee ordinance but does have jurisdiction over one (1) or more infrastructure types in the area, the legislative body shall establish the portion of the impact fee schedule or formula for the infrastructure types over which the legislative body has jurisdiction. The legislative

body of the unit having planning and zoning jurisdiction shall adopt an impact fee ordinance containing that portion of the impact fee schedule or formula if:

- (1) a public hearing has been held before the legislative body having planning and zoning jurisdiction; and
- (2) each plan commission that has planning jurisdiction over any part of the geographic area in which the impact fee is to be imposed has approved the proposed impact fee ordinance by resolution.

(d) An ordinance adopted under this section is the exclusive means for a unit to impose an impact fee. An impact fee imposed on new development to pay for infrastructure may not be collected after January 1, 1992, unless the impact fee is imposed under an impact fee ordinance adopted under this chapter.

(e) Notwithstanding any other provision of this chapter, the following charges are not impact fees and may continue to be imposed by units:

- (1) Fees, charges, or assessments imposed for infrastructure services under statutes in existence on January 1, 1991, if:
 - (A) the fee, charge, or assessment is imposed upon all users whether they are new users or users requiring additional capacity or services;
 - (B) the fee, charge, or assessment is not used to fund construction of new infrastructure unless the new infrastructure is of the same type for which the fee, charge, or assessment is imposed and will serve the payer; and
 - (C) the fee, charge, or assessment constitutes a reasonable charge for the services provided in accordance with IC 36-1-3-8(6) or other governing statutes requiring that any fees, charges, or assessments bear a reasonable relationship to the infrastructure provided.
- (2) Fees, charges, and assessments agreed upon under a contractual agreement entered into before April 1, 1991, or fees, charges, and assessments agreed upon under a contractual agreement, if the fees, charges, and assessments are treated as impact deductions under section 1321(d) of this chapter if an impact fee ordinance is in effect.

As added by P.L.221-1991, SEC.12.

IC 36-7-4-1312

Ordinance; prerequisites to adoption

Sec. 1312. (a) A unit may not adopt an impact fee ordinance under section 1311 of this series unless the unit has adopted a comprehensive plan under the 500 SERIES of this chapter for the geographic area over which the unit exercises planning and zoning jurisdiction.

(b) Before the adoption of an impact fee ordinance under section 1311 of this chapter, a unit shall establish an impact fee advisory committee. The advisory committee shall:

- (1) be appointed by the executive of the unit;
- (2) be composed of not less than five (5) and not more than ten (10) members with at least forty percent (40%) of the membership

representing the development, building, or real estate industries;
and

(3) serve in an advisory capacity to assist and advise the unit with regard to the adoption of an impact fee ordinance under section 1311 of this chapter.

(c) A planning commission or other committee in existence before the adoption of an impact fee ordinance that meets the membership requirements of subsection (b) may serve as the advisory committee that subsection (b) requires.

(d) Action of an advisory committee established under subsection (b) is not required as a prerequisite for the unit in adopting an impact fee ordinance under section 1311 of this chapter.

As added by P.L.221-1991, SEC.13.

IC 36-7-4-1313

Other permissible fees and charges of adopting unit

Sec. 1313. This series does not prohibit a unit from doing any of the following:

(1) Imposing a charge to pay the administrative, plan review, or inspection costs associated with a permit for development.

(2) Imposing, pursuant to a written commitment or agreement and as a condition or requirement attached to a development approval or authorization (including permitting or zoning decisions), an obligation to dedicate, construct, or contribute goods, services, land or interests in land, or infrastructure to a unit or to an infrastructure agency. However, if the unit adopts or has already adopted an impact fee ordinance under section 1311 of this chapter the following apply:

(A) The person dedicating, contributing, or providing an improvement under this subsection is entitled to a credit for the improvement under section 1335 of this chapter.

(B) The cost of complying with the condition or requirement imposed by the unit under this subdivision may not exceed the impact fee that could have been imposed by the unit under section 1321 of this chapter for the same infrastructure.

(3) Imposing new permit fees, charges, or assessments or amending existing permit fees, charges, or assessments. However, the permit fees, charges, or assessments must meet the requirements of section 1311(e)(1)(A), 1311(e)(1)(B), and 1311(e)(1)(C) of this chapter.

Ordinance; application

Sec. 1314. (a) Except as provided in subsection (b), an impact fee ordinance must apply to any development:

(1) that is in an impact zone; and

(2) for which a unit may require a structural building permit.

(b) An impact fee ordinance may not apply to an improvement that does not create a need for additional infrastructure, including the erection of a sign, the construction of a fence, or the interior renovation

of a building not resulting in a change in use.
As added by P.L.221-1991, SEC.15.

IC 36-7-4-1315

Ordinance; establishment of impact zones

Sec. 1315. (a) An impact fee ordinance must establish an impact zone, or a set of impact zones, for each infrastructure type covered by the ordinance. An impact zone established for a particular infrastructure type is not required to be congruent with an impact zone established for a different infrastructure type.

(b) An impact zone may not extend beyond the jurisdictional boundary of an infrastructure agency responsible for the infrastructure type for which the impact zone was established, unless an agreement under IC 36-1-7 is entered into by the infrastructure agencies.

(c) If an impact zone, or a set of impact zones, includes a geographic area containing territory from more than one (1) planning and zoning jurisdiction, the applicable legislative bodies and infrastructure agencies shall enter into an agreement under IC 36-1-7 concerning the collection, division, and distribution of the fees collected under the impact fee ordinance.

As added by P.L.221-1991, SEC.16.

IC 36-7-4-1316

Impact zones; geographical area

Sec. 1316. A unit must include in an impact zone designated under section 1315 of this chapter the geographical area necessary to ensure that:

- (1) there is a functional relationship between the components of the infrastructure type in the impact zone;
- (2) the infrastructure type provides a reasonably uniform benefit throughout the impact zone; and
- (3) all areas included in the impact zone are contiguous.

As added by P.L.221-1991, SEC.17.

IC 36-7-4-1317

Ordinance; identification of responsible infrastructure agency

Sec. 1317. A unit must identify in the unit's impact fee ordinance the infrastructure agency that is responsible for acquiring, constructing, or providing each infrastructure type included in the impact fee ordinance.

As added by P.L.221-1991, SEC.18.

IC 36-7-4-1318

Ordinance; zone improvement plan preparation; contents of plan

Sec. 1318. (a) A unit may not adopt an impact fee ordinance under section 1311 of this chapter unless the unit has prepared or substantially updated a zone improvement plan for each impact zone during the immediately preceding one (1) year period. A single zone improvement plan may be used for two (2) or more infrastructure types if the impact zones for the infrastructure types are congruent.

(b) Each zone improvement plan must contain the following information:

- (1) A description of the nature and location of existing infrastructure in the impact zone.
- (2) A determination of the current level of service.
- (3) Establishment of a community level of service. A unit may provide that the unit's current level of service is the unit's community level of service in the zone improvement plan.
- (4) An estimate of the nature and location of development that is expected to occur in the impact zone during the following ten (10) year period.
- (5) An estimate of the nature, location, and cost of infrastructure that is necessary to provide the community level of service for the development described in subdivision (4). The plan must indicate the proposed timing and sequencing of infrastructure installation.
- (6) A general description of the sources and amounts of money used to pay for infrastructure during the previous five (5) years.

(c) If a zone improvement plan provides for raising the current level of service to a higher community level of service, the plan must:

- (1) provide for completion of the infrastructure that is necessary to raise the current level of service to the community level of service within the following ten (10) year period;
- (2) indicate the nature, location, and cost of infrastructure that is necessary to raise the current level of service to the community level of service; and
- (3) identify the revenue sources and estimate the amount of the revenue sources that the unit intends to use to raise the current level of service to the community level of service for existing development. Revenue sources include, without limitation, any increase in revenues available from one (1) or more of the following:

(A) Adopting or increasing the following:

- (i) The county adjusted gross income tax.
- (ii) The county option income tax.
- (iii) The county economic development income tax.
- (iv) The annual license excise surtax.
- (v) The wheel tax.

(B) Imposing the property tax rate per one hundred dollars (\$100) of assessed valuation that the unit may impose to create a cumulative capital improvement fund under IC 36-9-14.5 or IC 36-9-15.5.

(C) Transferring and reserving for infrastructure purposes other general revenues that are currently not being used to pay for capital costs of infrastructure.

(D) Dedicating and reserving for infrastructure purposes any newly available revenues, whether from federal or state revenue sharing programs or from the adoption of newly authorized taxes.

(d) A unit must consult with a qualified engineer licensed to perform engineering services in Indiana when the unit is preparing the portions of the zone improvement plan described in subsections (b)(1),

(b)(2), (b)(5), and (c)(2).

(e) A zone improvement plan and amendments and modifications to the zone improvement plan become effective after adoption as part of the comprehensive plan under the 500 SERIES of this chapter or adoption as part of the capital improvements program under section 503(5) of this chapter. If the unit establishing the impact fee schedule or formula and establishing the zone improvement plan is different from the unit having planning and zoning jurisdiction, the unit having planning and zoning jurisdiction shall incorporate the zone improvement plan as part of the unit's comprehensive plan and capital improvement plan.

(f) If a unit's zone improvement plan identifies revenue sources for raising the current level of service to the community level of service, impact fees may not be assessed or collected by the unit unless:

(1) before the effective date of the impact fee ordinance the unit has available or has adopted the revenue sources that the zone improvement plan specifies will be in effect before the impact fee ordinance becomes effective; and

(2) after the effective date of the impact fee ordinance the unit continues to provide adequate funds to defray the cost of raising the current level of service to the community level of service, using revenue sources specified in the zone improvement plan or revenue sources other than impact fees.

IC 36-7-4-1319

Amendment to ordinance or zone improvement plan

Sec. 1319. (a) A unit shall amend a zone improvement plan to make adjustments in the nature, location, and cost of infrastructure and the timing or sequencing of infrastructure installations to respond to the nature and location of development occurring in the impact zone. Appropriate planning and analysis shall be carried out before an amendment is made to a zone improvement plan.

(b) A unit may not amend an impact fee ordinance if the amendment makes a significant change in an impact fee schedule or formula or if the amendment designates an impact zone or alters the boundary of a zone, unless a new or substantially updated zone improvement plan has been approved within the immediately preceding one (1) year period.

As added by P.L.221-1991, SEC.20.

IC 36-7-4-1320

Ordinance; fee schedule and formula

Sec. 1320. (a) An impact fee ordinance must include:

(1) a schedule prescribing for each impact zone the amount of the impact fee that is to be imposed for each infrastructure type covered by the ordinance; or

(2) a formula for each impact zone by which the amount of the impact fee that is to be imposed for each infrastructure type covered by the ordinance may be derived.

(b) A schedule or formula included in an impact fee ordinance must provide an objective and uniform standard for calculating impact fees

that allows fee payers to accurately predict the impact fees that will be imposed on new development.

As added by P.L.221-1991, SEC.21.

IC 36-7-4-1321

Fee schedule or formula; requirements; limitations

Sec. 1321. (a) An impact fee schedule or formula described in section 1320 of this chapter shall be prepared so that the impact fee resulting from the application of the schedule or formula to a development meets the requirements of this section. However, this section does not require that a particular methodology be used in preparing the schedule or formula.

(b) As used in this section, "impact costs" means a reasonable estimate, made at the time the impact fee is assessed, of the proportionate share of the costs incurred or to be incurred by the unit in providing infrastructure of the applicable type in the impact zone that are necessary to provide the community level of service for the development. The amount of impact costs may not include the costs of infrastructure of the applicable type needed to raise the current level of service in the impact zone to the community level of service in the impact zone for development that is existing at the time the impact fee is assessed.

(c) As used in this section, "nonlocal revenue" means a reasonable estimate, made at the time the impact fee is assessed, of revenue that:

- (1) will be received from any source (including but not limited to state or federal grants) other than a local government source; and
- (2) is to be used within the impact zone to defray the capital costs of providing infrastructure of the applicable type.

(d) As used in this section, "impact deductions" means a reasonable estimate, made at the time the impact fee is assessed, of the amounts from the following sources that will be paid during the ten (10) year period after assessment of the impact fee to defray the capital costs of providing infrastructure of the applicable types to serve a development:

- (1) Taxes levied by the unit or on behalf of the unit by an applicable infrastructure agency that the fee payer and future owners of the development will pay for use within the geographic area of the unit.
- (2) Charges and fees, other than fees paid by the fee payer under this chapter, that are imposed by any of the following for use within the geographic area of the unit:
 - (A) An applicable infrastructure agency.
 - (B) A governmental entity.
 - (C) A not-for-profit corporation created for governmental purposes.

Charges and fees covered by this subdivision include tap and availability charges paid for extension of services or the provision of infrastructure to the development.

(e) An impact fee on a development may not exceed:

- (1) impact costs; minus
- (2) the sum of nonlocal revenues and impact deductions.

As added by P.L.221-1991, SEC.22.

IC 36-7-4-1322

Fee assessment date; increase or decrease in fees; developments against which fees may not be assessed; existing contracts

Sec. 1322. (a) Except as provided in subsection (b), an impact fee ordinance must require that, if the fee payer requests, an impact fee on a development must be assessed not later than thirty (30) days after the earlier of:

- (1) the date the fee payer obtains an improvement location permit for the development; or
- (2) the date that the fee payer voluntarily submits to the unit a development plan for the development and evidence that the property is properly zoned for the proposed development. The plan shall be in the form prescribed by the unit's zoning ordinance and shall contain reasonably sufficient detail for the unit to calculate the impact fee.

(b) An impact fee ordinance may provide that if a proposed development is of a magnitude that will require revision of the zone improvement plan in order to appropriately serve the new development, the unit shall revise the unit's zone improvement plan and shall assess an impact fee on a development not later than one hundred eighty (180) days after the earlier of the following:

- (1) The date on which the fee payer obtains an improvement location permit for the development.
- (2) The date on which the fee payer submits to the unit a development plan for a development and evidence that the property is properly zoned for the proposed development. The development plan must be in the form prescribed by the unit's zoning ordinance and must contain reasonably sufficient detail for the unit to calculate the impact fee.

(c) An impact fee assessed under subsections (a) or (b) may be increased only if the structural building permit has not been issued for the development and the requirements of subsection (d) are satisfied. In the case of a phased development, only a portion of an impact fee assessed under subsection (a) or (b) that is attributable to the portion of the development for which a permit has not been issued may be increased if the requirements of subsection (d) are satisfied.

(d) Unless the improvement location permit or development plan originally submitted for the development is changed so that the amount of impact on infrastructure the development creates in the impact zone is significantly increased, an impact fee assessed under:

- (1) subsection (a)(1) or (b)(1) may not be increased for the period of the improvement location permit's validity; and
- (2) subsection (a)(2) or (b)(2) may not be increased for three (3) years.

(e) An impact fee assessed under subsection (a) or (b) shall be decreased if the improvement location permit or development plan originally submitted for the development is changed so that the amount of impact on infrastructure that the development creates in the impact zone is significantly decreased. If a change occurs in the permit or plan that results in a decrease in the amount of the impact fee after the fee has been paid, the unit that collected the fee shall immediately refund

the amount of the overpayment to the fee payer.

(f) If the unit fails to assess an impact fee within the period required by subsection (a) or (b), the unit may not assess an impact fee on the development unless the development plan originally submitted for the development is materially and substantially changed.

(g) Notwithstanding other provisions in this chapter, a unit may not assess an impact fee against a development if:

- (1) an improvement location permit has been issued for all or a part of a development before adoption of an impact fee ordinance that is in compliance with this chapter; and
- (2) the development satisfies all of the following criteria:

(A) The development is zoned for commercial or industrial use before January 1, 1991.

(B) The development will consist primarily of new buildings or structures. As used in this clause, the term "new buildings or structures" does not include additions or expansions of existing buildings or structures.

(C) The parts of the development for which a structural building permit has not been issued are owned or controlled by the person that owned or controlled the development on January 1, 1991.

(D) A structural building permit is issued for the development not more than four (4) years after the effective date of the impact fee ordinance.

(E) The development is part of a common scheme of development that:

- (i) involves land that is contiguous;
- (ii) involves a plan for development that includes a survey of the land, engineering drawings, and a site plan showing the anticipated size, location, and use of buildings and the anticipated location of streets, sewers, and drainage;
- (iii) if plan approval is required, resulted in an application being filed with an appropriate office, commission, or official of the unit before January 1, 1991, that resulted or may result in approval of any phase of the development plan referred to in item (ii);
- (iv) has been diligently pursued since January 1, 1991;
- (v) resulted before January 1, 1991, in a substantial investment in creating, publicizing, or implementing the common scheme of development; and
- (vi) involved the expenditure of significant funds before January 1, 1991, for the provision of improvements, such as roads, sewers, water treatment facilities, water storage facilities, water distribution facilities, drainage systems, or parks, that are on public lands or are available for other development in the area.

(h) Notwithstanding any other provision of this chapter, this chapter does not impair the validity of any contract between a unit and a fee payer that was:

- (1) entered into before January 1, 1991; and
- (2) executed in consideration of zoning amendments or

annexations requested by the fee payer.

IC 36-7-4-1323

Fee due date; proration; repeal or lapse of ordinance

Sec. 1323. (a) Except as provided in section 1324 of this chapter, an impact fee assessed in compliance with section 1322 of this chapter is due and payable on the date of issuance of the structural building permit for the new development on which the impact fee is imposed.

(b) For a phased development, an impact fee shall be prorated for purposes of payment according to the impact of the parcel for which a structural building permit is issued in relation to the total impact of the development. In accordance with section 1324 of this chapter, only the prorated portion of the assessed impact fee is due and payable on the issuance of the permit.

(c) If an impact fee ordinance is repealed, lapses, or becomes ineffective after the assessment of an impact fee on a development but before the issuance of the structural building permit for part or all of the development:

(1) any part of the impact fee attributable to the part of the development for which a structural building permit has not been issued is void and is not due and payable, in the case of a phased development; and

(2) the entire impact fee is void and is not due and payable, in the case of a development other than a phased development.

As added by P.L.221-1991, SEC.24.

IC 36-7-4-1324

Ordinance; installment payment plan; fee upon permit issuance; interest; penalty for late payment

Sec. 1324. (a) An impact fee ordinance must include an installment payment plan. The installment payment plan must at least offer a fee payer the option of paying part of an impact fee in equal installment payments if the impact fee is greater than five thousand dollars (\$5,000). In an installment plan under this section:

(1) a maximum of five thousand dollars (\$5,000) or five percent (5%) of the impact fee, whichever is greater, may become payable on the date the structural building permit is issued for the development on which the fee is imposed;

(2) the first installment may not become due and payable less than one (1) year after the date the structural building permit is issued for the development on which the fee is imposed; and

(3) the last installment may not be due and payable less than two (2) years after the date the structural building permit is issued for the development on which the fee is imposed.

(b) An impact fee ordinance may require an impact fee of five thousand dollars (\$5,000) or less to be paid in full on the date the structural building permit is issued for the development on which the impact fee is imposed.

(c) An impact fee ordinance may provide that a reasonable rate of interest, not to exceed the prejudgment rate of interest in effect at the

time the interest accrues, may be charged if the fee payer elects to pay in installments. If interest is charged, the ordinance must provide that interest accrues only on the portion of the impact fee that is outstanding and does not begin to accrue until the date the structural building permit is issued for the development or the part of the development on which the impact fee is imposed.

(d) An impact fee ordinance may provide that if all or part of an installment is not paid when due and payable, the amount of the installment shall be increased on the first day after the installment is due and payable by a penalty amount equal to ten percent (10%) of the installment amount that is overdue. If interest is charged under subsection (c), the interest shall be charged on the penalty amount.

IC 36-7-4-1325

Collection of unpaid fees; lien; receipt for payments

Sec. 1325. (a) A unit may use any legal remedy to collect an impact fee imposed by the unit. A unit must bring an action to collect an impact fee and all penalties, costs, and collection expenses associated with a fee not later than ten (10) years after the fee or the prorated portion of the impact fee first becomes due and payable.

(b) On the date a structural building permit is issued for the development of property on which the impact fee is assessed, the unit acquires a lien on the real property for which the permit is issued. For a phased development, the amount of the lien may not exceed the prorated portion of the impact fee due and payable in one (1) or more installments at the time the structural building permit is issued.

(c) A lien acquired by a unit under this section is not affected by a sale or transfer of the real property subject to the lien, including the sale, exchange, or lease of the real property under IC 36-1-11.

(d) A lien acquired by a unit under this section continues for ten (10) years after the impact fee or the prorated portion of the impact fee becomes due and payable. However, if an action to enforce the lien is filed within the ten (10) year period, the lien continues until the termination of the proceeding.

(e) A holder of a lien of record on any real property on which an impact fee is delinquent may pay the delinquent impact fee and any penalties and costs. The amount paid by the lien holder is an additional lien on the real property in favor of the lien holder and is collectible in the same manner as the original lien.

(f) If a person pays an impact fee assessed against any real property, the person is entitled to a receipt for the payment that is:

- (1) on a form prescribed by the impact fee ordinance; and
- (2) issued by a person designated in the impact fee ordinance.

IC 36-7-4-1326

Ordinance; special reduced rates for affordable housing development

Sec. 1326. (a) An impact fee ordinance may provide for a reduction in an impact fee for housing development that provides sale or rental

housing, or both, at a price that is affordable to an individual or a family earning less than eighty percent (80%) of the median income for the county in which the housing development is located. If the housing development comprises more than one (1) residential unit, the impact fee reduction shall apply only to the residential units that are affordable to an individual or a family earning less than eighty percent (80%) of the median income of the county.

(b) If the impact fee ordinance provides for a reduction in an impact fee under subsection (a), the ordinance must:

(1) contain a schedule or formula that sets forth the amount of the fee reduction for various types of housing development specified in subsection (a);

(2) require that, as a condition of receiving the fee reduction, the owner execute an agreement that:

(A) is binding for a period of at least five (5) years on the owner and subsequent owners; and

(B) limits the tenancy of residential units receiving the fee reduction to individuals or families who at the time the tenancy is initiated are earning less than eighty percent (80%) of the median income of the county;

(3) contain standards to be used in determining if a particular housing development specified in subsection (a) will receive a fee reduction; and

(4) designate a board or an official of the unit to conduct the hearing required by subsection (c).

(c) A fee reduction authorized by this section must be approved by a board or official of the unit at a public hearing.

IC 36-7-4-1327

Fee reduction; appeal procedures

Sec. 1327. An impact fee ordinance must provide a procedure through which the fee reduction decision made under section 1326 of this chapter may be appealed by the following persons:

(1) The person requesting the fee reduction.

(2) An infrastructure agency responsible for infrastructure of the applicable type for the impact zone in which the impact fee reduction is granted.

IC 36-7-4-1328

Fee reduction; complementary payment by granting unit

Sec. 1328. A unit that provides a fee reduction under section 1326 of this chapter shall pay into the account or accounts established for the impact zone in which the fee was reduced an amount equal to the amount of the fee reduction.

Fund for impact fee collections; establishment; management; reports

Sec. 1329. (a) A unit imposing an impact fee shall establish a fund to receive amounts collected under this series.

(b) Money in a fund established under subsection (a) at the end of the unit's fiscal year remains in the fund. Interest earned by the fund shall be deposited in the fund.

(c) The fiscal officer of the unit shall manage the fund according to the provisions of this series. The fiscal officer shall annually report to the unit's plan commission and to each infrastructure agency responsible for infrastructure in an impact zone. The report must include the following:

(1) The amount of money in accounts established for the impact zone.

(2) The total receipts and disbursements of the accounts established for the impact zone.

(d) A separate account shall be established in the fund for each impact zone established by the unit and for each infrastructure type within each zone. Interest earned by an account shall be deposited in that account.

Use of fees

Sec. 1330. An impact fee collected under this series shall be used for the following purposes:

(1) Providing funds to an infrastructure agency for the provision of new infrastructure that:

(A) is necessary to serve the new development in the impact zone from which the fee was collected; and

(B) is identified in the zone improvement plan.

(2) In an amount not to exceed five percent (5%) of the annual collections of an impact fee, for expenses incurred by the unit that paid for the consulting services that were used to establish the impact fee ordinance.

(3) Payment of a refund under section 1332 of this chapter.

(4) Payment of debt service on an obligation issued to provide infrastructure described in subdivision (1).

IC 36-7-4-1331

Infrastructure construction

Sec. 1331. (a) An infrastructure agency shall, within the time described in the zone improvement plan, construct infrastructure for which:

(1) a zone improvement plan has been adopted;

(2) an impact zone has been established; and

(3) an impact fee has been collected.

(b) A unit may amend the unit's zone improvement plan, including the time provided in the plan for construction of infrastructure, only if the amount of expenditures provided for the construction of infrastructure in the original plan does not decrease in any year and the benefit to the overall impact zone does not decrease because of the

amendment.

IC 36-7-4-1332

Impact fee refunds

Sec. 1332. (a) A fee payer is entitled to a refund of an impact fee if an infrastructure agency:

(1) has failed to complete a part of the infrastructure for which the impact fee was imposed not later than:

(A) twenty-four (24) months after the time described in section 1331 of this chapter; or

(B) a longer time as is reasonably necessary to complete the infrastructure if unforeseeable and extraordinary circumstances that are not in whole or in part caused by the unit have delayed the construction;

(2) has unreasonably denied the fee payer the use and benefit of the infrastructure during the useful life of the infrastructure; or

(3) has failed within the earlier of:

(A) six (6) years after issuance of the structural building permit; or

(B) the anticipated infrastructure completion date as specified in the zone improvement plan existing on the date the impact fee was collected;

to make reasonable progress toward completion of the specific infrastructure for which the impact fee was imposed or thereafter fails to make reasonable progress toward completion.

(b) An application for a refund under subsection (a) must be filed with the unit that imposed the impact fee not later than two (2) years after the right to a refund accrues. A unit shall issue a refund in part or in full or shall reject the application for refund not later than thirty (30) days after receiving an application for a refund.

(c) If a unit approves a refund in whole or in part, the unit shall pay the amount approved, plus interest from the date on which the impact fee was paid to the date the refund is issued. The interest rate shall be the same rate as the rate that the unit's impact fee ordinance provides for impact fee payments paid in installments.

(d) If a unit rejects an application for refund or approves only a partial refund, the fee payer may appeal not later than sixty (60) days after the rejection or partial approval to the unit's impact fee review board established under section 1338 of this chapter by filing with the board an appeal on a form prescribed by the board. The board shall issue instructions for completion of the form. The form and the instructions must be clear, simple, and understandable to a lay person.

(e) An impact fee ordinance shall designate the employee or official of the unit who is responsible for accepting, rejecting, and paying a refund and interest.

(f) A unit's impact fee review board shall hold a hearing on all appeals for a refund under this section. The hearing shall be held not later than forty-five (45) days after the application for appeal is filed with the board. A unit's impact fee review board shall provide notice of the application for refund to the infrastructure agency responsible for

the infrastructure for which the impact fee was imposed.

(g) An impact fee review board holding a hearing under subsection (f) shall determine the amount of a refund that shall be made to the fee payer from the account established for the infrastructure for which the fee was imposed. A refund ordered by the board must include interest from the date the impact fee was paid to the date the refund is issued at the same rate the ordinance provides for impact fee payments paid in installments.

(h) A party aggrieved by a final decision of an impact fee review board in a hearing under subsection (f) may appeal to the circuit or superior court of the county in which the unit is located and is entitled to a trial de novo.

IC 36-7-4-1333

Impact fees; appeal of amount before impact review board; judicial review; effect on pending fee payments

Sec. 1333. (a) A person against whom an impact fee has been assessed may appeal the amount of the impact fee. A unit may not deny issuance of a structural building permit on the basis that an impact fee has not been paid or condition issuance of the permit on the payment of an impact fee. However, in the case of an impact fee of one thousand dollars (\$1,000) or less a unit may require a fee payer to:

- (1) pay the impact fee; or
- (2) bring an appeal under this section;

before the unit issues a structural building permit for the development for which the impact fee was assessed.

(b) A person must file a petition for a review of the amount of an impact fee with the unit's impact fee review board not later than thirty (30) days after issuance of the structural building permit for the development for which the impact fee was assessed. An impact fee ordinance may require a petition to be accompanied by payment of a reasonable fee not to exceed one hundred dollars (\$100). A fee payer shall receive a full refund of the filing fee if:

- (1) the fee payer prevails;
- (2) the amount of the impact fee or the reductions or credits against the fee is adjusted by the unit, the board, or a court; and
- (3) the body ordering the adjustment finds that the amount of the fee, reductions, or credits were arbitrary or capricious.

(c) A unit's impact fee review board shall prescribe the form of the petition for review of an impact fee under subsection (b). The board shall issue instructions for completion of the form. The form and the instructions must be clear, simple, and understandable to a lay person. The form must require the petitioner to specify:

- (1) a description of the new development on which the impact fee has been assessed;
- (2) all facts related to the assessment of the impact fee; and
- (3) the reasons the petitioner believes that the amount of the impact fee assessed is erroneous or is greater than the amount allowed by the fee limitations set forth in this series.

(d) A unit's impact fee review board shall prescribe a form for a

response by a unit to a petition for review under this section. The board shall issue instructions for completion of the form. The form must require the unit to indicate:

- (1) agreement or disagreement with each item indicated on the petition for review under subsection (c); and
- (2) the reasons the unit believes that the amount of the fee assessed is correct.

(e) Immediately upon the receipt of a timely filed petition on the form prescribed under subsection (c), a unit's impact fee review board shall provide a copy of the petition to the unit assessing the impact fee. The unit shall not later than thirty (30) days after the receipt of the petition provide to the board a completed response to the petition on the form prescribed under subsection (d). The board shall immediately forward a copy of the response form to the petitioner.

(f) An impact fee review board shall:

- (1) review the petition and the response submitted under this section; and
- (2) determine the appropriate amount of the impact fee not later than thirty (30) days after submission of both petitions.

(g) A fee payer aggrieved by a final determination of an impact fee review board may appeal to the circuit or superior court of the county in which the unit is located and is entitled to a trial de novo. If the assessment of a fee is vacated by judgment of the court, the assessment of the impact fee shall be remanded to the board for correction of the impact fee assessment and further proceedings in accordance with law.

(h) If a petition for a review or an appeal of an impact fee assessment is pending, the impact fee is not due and payable until after the petition or appeal is finally adjudicated and the amount of the fee is determined.

Ordinance; appeal provision for amount of fees

Sec. 1334. An impact fee ordinance must set forth the reasons for which an appeal of the amount of an impact fee may be made. The impact fee ordinance must provide that an appeal of the amount of an impact fee may be made for the following reasons:

- (1) A fact assumption used in determining the amount of an impact fee is incorrect.
- (2) The amount of the impact fee is greater than the amount allowed under sections 1320, 1321, and 1322 of this chapter.

IC 36-7-4-1335

Fee payer credits; infrastructure or improvements; amount of credit

Sec. 1335. (a) As used in this section, "improvement" means an improvement under section 1313(2) of this chapter or a site improvement, land, or real property interest as follows:

- (1) That is to be used for at least one (1) of the infrastructure purposes specified in section 1309 of this chapter.

- (2) That is included in or intended to be used relative to an infrastructure type for which the unit has imposed an impact fee in the impact zone.
- (3) That is not a type of improvement that is uniformly required by law or rule for the type of development on which the impact fee has been imposed.
- (4) That is or will be:
 - (A) public property; or
 - (B) furnished or constructed under requirements of the unit and is or will be available for use by other development in the area.
- (5) That is beneficial to existing development and future development in the impact zone and is not beneficial to only one (1) development.
- (6) That either:
 - (A) allows the removal of a component of infrastructure planned for the impact zone;
 - (B) is a useful addition to the zone improvement plan; or
 - (C) is reasonably likely to be included in a future zone improvement plan for the impact zone.
- (7) That is:
 - (A) constructed, furnished, or guaranteed by a bond or letter of credit under a request by an authorized official of the:
 - (i) applicable infrastructure agency; or
 - (ii) unit that imposed the impact fee; or
 - (B) required to be constructed or furnished under a written commitment that:
 - (i) is requested by an authorized official of the applicable infrastructure agency or the unit that imposed the impact fee;
 - (ii) concerns the use or developing of the development against which the impact fee is imposed; and
 - (iii) is made under section 613, 614, or 921 of this chapter.
- (b) A fee payer is entitled to a credit against an impact fee if the owner or developer of the development constructs or provides:
 - (1) infrastructure that is an infrastructure type for which the unit imposed an impact fee in the impact zone; or
 - (2) an improvement.
- (c) A fee payer is entitled to a credit under this section for infrastructure or an improvement that:
 - (1) is constructed or furnished relative to a development after January 1, 1989; and
 - (2) meets the requirements of this section.
- (d) The amount of a credit allowed under this section shall be determined at the date the impact fee is assessed. However, if an assessment is not requested, the amount of the credit shall be determined at the time the structural building permit is issued. The amount of the credit shall be:
 - (1) determined by the:
 - (A) person constructing or providing the infrastructure or improvement; and

- (B) applicable infrastructure agency; and
- (2) equal to the sum of the following:
 - (A) The cost of constructing or providing the infrastructure or improvement.
 - (B) The fair market value of land, real property interests, and site improvements provided.

(e) The amount of a credit may be increased or decreased after the date the impact fee is assessed if, between the date the impact fee is assessed and the date the structural building permit is issued, there is a substantial and material change in the cost or value of the infrastructure or improvement that is constructed or furnished from the cost or value determined under subsection (d). However, at the time the amount of a credit is determined under subsection (d), the person providing the infrastructure or improvement and the applicable infrastructure agency may agree that the amount of the credit may not be changed.
